Re: HB 6107, HB 6611, HB 6612, HB 6613, SB 1024, SB 1026, SB 1027

Dear Planning and Development Committee,

We are oppose to the bills referenced above. Planning and zoning should be left to the towns and cities where those that know best determine where and how development occurs. There is no one-size-fits-all plan and there never can be. There is far too much diversity between towns' housing needs, open space needs and protection, farmland protection, aquifer protection, wildlife corridor protection, proximity to transportation centers, size and capacity of school systems, and the list goes on and on. Please scrap these bills.

Sincerely,

Alton Blodgett, member Lebanon Agriculture and Conservation Commission
