

Dear Planning & Development Committee,

Please see attached for my written testimony OPPOSED TO SB 1024.

Thank you so much for allowing our refute.

I appreciate this opportunity to voice my commissions,towns opinion on the Desegregate CT ideology. We are vehemently opposed to this government overreach. How this will ever pass any appeal to the court system is laughable!

Several attorneys for CAZEO have expressed their belief on the unconstitutionality the legislation is.

Please stop trying to impose your socialist ideology on our little towns.

We will be the ones who challenge and win in the court of law.

Good day
