

I am writing in opposition to SB 1024.

This bill would remove local authority for zoning, and put it in the hands of the state.

Who knows a place better than the people who actually live, pay taxes, and work in that community!

I have observed our local zoning authorities (most of whom are volunteers) and believe they do an excellent job balancing the needs of various members of the community.

It would be a disaster to put authority for zoning in the hands of paid politicians who live far away from our communities.

Please vote down this disastrous bill.

Thank you,
