

Chairman Cassano, Chairwoman McCarthy Vahey, Vice Chairman Needleman, Vice Chairwoman Goupil, Ranking member Senator Hwang, Ranking Member Zullo and Members of the Committee:

We are writing in support of SB 1024 to reform zoning laws in CT because smart, thoughtful zoning reform addresses the most important issues of the state: increased diversity and access, reduced housing costs and preservation of our precious farmland and forests. The SB 1024 is also based on data-driven research.

Sincerely,  
Allie Southworth-Eck and Edward Eck  
Canton, CT
