

Dear Planning & Development Committee, Connecticut will never solve any of its inequity problems until it stops residential segregation. Until we know each other, we cannot solve problems together. Our children need to go to school together from day 1 and we need to talk to each other. We should be ashamed of ourselves for continuing the patterns of zoning that lead to residential segregation. I am ashamed of this state.

Please see attached for my written testimony in favor of SB 1024.

Thank you so much for considering it.
