

Members of the committee,

**I OPPOSE Bill SB 1024** and you should too.

Planning and zoning is a process each City or Town does to make sure it right for them, and they take it seriously, by taking it out of their hands and making one size fits all is like telling people there will be only one size of underwear for all and doesn't take into account height, weight, gender, or liking. That is the simplest way I can explain to you that this Bill is wrong.

Remember Just say NO!
