

Dear Sir or Madam,

I am writing as a New Canaan resident for 25 years that I am strongly OPPOSED to the above bills and I also think it is outrageous that these would be proposed without an official vote from the town.

I would move from New Canaan if these are passed and you can have your bills and suffer the consequences. The way the Democrats are performing currently would not surprise me if they lose across the board in coming elections.

Enough is enough!! You want to take our country down.

I vote NO for all of your new regulations and stupid ideas. I do not believe you have the best interests of the town with such proposals!

Sincerely,

Sharon Littzi
