Do we need Affordable Housing YES !

Bill SB 1024 is an assault on ALL 169 Town Zoning.
As said before "One Size Does NOT Fit All".

Bill SB 1024 Does Effect town Charters & Zoning directly!
Public Safety Fire & Police
Conservation/Inland/Wetlands
Transportation
Education
Street Scape
Stake Holders
Traffic Authorities
Cost Associated to Towns

As cited by Senator Tony Hwang 425 & 435
Specifically Southport & Fairfield has been under assault by developers
Over-riding town Zoning & Charters specifically risking the Safety, Fire & Police access to development
Putting renters at "HIGH RISK" leaving the fall out to the towns.
Let's get Honest Builders/Developers are ONLY interest is money.

Unfortunately, the homeowner & taxpayers do not have a
Lobbying groups in Hartford. So I am Requesting you go back to the drawing table so
ALL 169 Towns have input on this very serious conversation.

Respectfully, I would ask you Vote NO to SB 1024
