Re: SB 1024, An Act Concerning Zoning Authority, Certain Design Guidelines, Qualifications Of Certain Land Use Officials And Certain Sewage Disposal Systems

Date: March 15, 2021

Chairman Cassano, Chairwoman McCarthy Vahey, Vice Chairman Needleman, Vice Chairwoman Goupil, Ranking Member Senator Hwang, Ranking Member Zullo, and Members of the Committee:

I support this bill because I want to be able to afford to live in CT. Also, we need more young people to afford to live in CT so that we can we can keep the economy going. Having more housing and different types of housing would make that possible.

Best,
Megan Nahmias
