*Please vote "No" on the following proposed bills.
(HB 6107, HB 6611, HB 6612, HB 6613, SB 1024, SB 1026, SB 1027)*

These bills do not adequately allow towns to address the unique circumstances of each Connecticut town when it comes to available infrastructure and resources. Towns must be able to maintain local control over zoning to adequately conserve and preserve natural resources. Towns must be able to designate areas for more dense development and to exclude it from others to avoid the perils of haphazard planning and development.
