Re: S.B. 1024

To Whom It May Concern:

I strongly oppose SB 1024. This proposal will overwhelm Trumbull's resources and be detrimental to its residents. Trumbull cannot support the demands of having housing that will overwhelm our schools, police and volunteer fire department. It will put at risk our water resources and roads as well as increase traffic that Trumbull roads cannot support. Our schools are already overwhelmed and not serving the needs of our children, the last thing we need is to overburden them any further.

It is not fair nor morally right to impose proposals that will damage the Town of Trumbull and its residents in multiple ways. I hope that you will strongly reconsider SB 1024 and do what is in the best interest of tax paying residents.

Sincerely,

Mary H. Orsini
