

To: The CT General Assembly Planning & Development Committee

From: Matthew Rapuano of Colchester, CT

Re: SB 1024, An Act Concerning Zoning Authority, Certain Design Guidelines, Qualifications Of Certain Land Use Officials And Certain Sewage Disposal Systems

Date: March 15, 2021

To the following: Chairman Cassano, Chairwoman McCarthy Vahey, Vice Chairman Needleman, Vice Chairwoman Goupil, Ranking Member Senator Hwang, Ranking Member Zullo, and Members of the Committee:

Greetings friends,

As humans, we are constantly changing ourselves and the environment. In my opinion, a great change would be to go with SB 1024. A great icon would put the needs of the general public in practice.

Therefore, I very much support SB 1024 because it will benefit the public overall.

Giving people better opportunities for housing and parking gives them great assistance. The economy should see some improvement with SB 1024. If done well, it will also help our country's infrastructure in some regard. Great training will be involved to be sure that the bill will go through successfully.

I speak for the citizens of Colchester, CT. I believe that the bill will be very helpful in creating a change that will benefit our environment and our living.

I hope this helps you.

Sincerely,

Matthew Rapuano
