

Testimony in Favor of SB 1024

My daughter and son-in-law are young, white professionals who currently rent in Bridgeport. They have been looking to buy a home for the past couple of years and hope to stay in Bridgeport. Each time they revisit buying in more segregated Fairfield, they decide it is not a fit. Despite issues they are often reminded of with regard to inequitable school funding and high taxes, they want to live in a diverse community and hope to be active in moving the city toward equity vs. gentrification. It's time that we all work toward a stronger and fairer Connecticut!

Thank you so much for considering it.
