State of CT General Assembly
Planning & Development Committee
State Capitol Hartford, CT 06106

Dear Planning & Development Committee:

As a resident of Branford, CT and a business owner ,I am writing in support of Desegregate CT and SB 1024. Our State has been woefully ineffective in removing barriers to equitable housing. This needs to change. A more pluralistic CT with opportunities in housing in all our towns would help make for better lives, a more robust economy and a more just society.

Sincerely,

Richard N. Wies
