

Dear Planning & Development Committee,

Please see attached for my written testimony **in STRONG SUPPORT of SB 1024.**

I am in support of Connecticut taking a proactive stance in eliminating systemic racism in our planning and zoning regulations. Protesting at the death of innumerable black people is a response to inequity but legislating to create a world which is more balanced to reflect the myriad of incomes and demographics who call CT home is just. Please support SB 1024 in order to move in the right direction towards equity in our small towns and big cities.

Kindly,

Kathryn Mayer
