The amendment eliminates a pilot program for regional building inspection services, administered by the Office of Policy and Management (OPM). It also eliminates a reporting requirement of the Department of Administrative Services (DAS) established by the underlying bill related to building inspection.

The amendment eliminates the cost to OPM in the underlying bill, estimated to be \$154,000 in FY 23 and \$54,000 in FY 24 and annually thereafter. It also eliminates any cost to the Regional Performance Incentive Account associated with providing grants for regional building inspection.

The amendment also reduces the cost in the underlying bill to DAS by eliminating a study requirement. It is anticipated that the cost eliminated is about \$110,000 in salary and \$45,000 in fringe benefits associated with hiring a position to help complete the study.
