sHB-6775

AN ACT CONCERNING MANDATED REPORTERS.

## **OFA Fiscal Note**

### **State Impact:**

Agency Affected	Fund-Effect	FY 24 \$	FY 25 \$
Correction, Dept.; Judicial Dept.	GF - Potential Cost	See Below	See Below
Resources of the General Fund	GF - Potential Revenue Gain	See Below	See Below

Note: GF=General Fund

**Municipal Impact:** None

### **Explanation**

The bill adds professions to the list of mandated reporters resulting in a potential cost for incarceration or probation and a potential revenue gain from fines. On average, the marginal cost to the state for incarcerating an offender for the year is \$2,500<sup>1</sup> while the average marginal cost for supervision in the community is less than \$800<sup>2</sup> each year. Mandated reporters are required to take a training that is offered online and takes less than one hour to complete. Unintentional failure to report is punishable by up to a \$500 fine and a requirement to retake training. Intentional failure to report is a class C misdemeanor for first offenses and a class A misdemeanor for subsequent offenses.

---

<sup>1</sup> Inmate marginal cost is based on increased consumables (e.g. food, clothing, water, sewage, living supplies, etc.) This does not include a change in staffing costs or utility expenses because these would only be realized if a unit or facility opened.

<sup>2</sup> Probation marginal cost is based on services provided by private providers and only includes costs that increase with each additional participant. This does not include a cost for additional supervision by a probation officer unless a new offense is anticipated to result in enough additional offenders to require additional probation officers.

***The Out Years***

The annualized ongoing fiscal impact identified above would continue into the future subject to the number of offenses.
