Explanation

The bill results in a General Fund revenue gain of \$61,650 in FY 24 and \$68,400 in FY 25 by increasing, from \$200 to \$650, the initial and renewal license fees for clinical laboratories.¹ This bill also creates new Department of Public Health (DPH) licensure categories for blood collection facilities and source plasma donation centers, starting 10/1/23, with initial and renewal license fees of \$650. The revenue gain to the General Fund from the new licensure categories will be dependent upon the number of initial and renewal licenses issued by DPH.

The Out Years

The annualized ongoing fiscal impact identified above would continue into the future subject to subject to the number of initial and renewal licenses issued by DPH.

¹There are 137 clinical laboratories whose licenses renew in the even years and 152 clinical laboratories whose licenses renew in the odd years.
