AN ACT CONCERNING EMPLOYEES' LOSS OF HEALTH CARE  
COVERAGE AS A RESULT OF A LABOR DISPUTE.

## ***OFA Fiscal Note***

***State Impact:*** None

***Municipal Impact:*** None

## ***Explanation***

The bill has no fiscal impact as it does not require any additional action by the Connecticut Health Insurance Exchange (“exchange”).

The bill requires the exchange to provide special enrollment periods for individuals whose health care coverage is terminated by an employer as a result of a labor dispute. The exchange already provides for special enrollment periods for various reasons as required by the federal Affordable Care Act (ACA), including for people who lose employer-sponsored health insurance.
