OFA Fiscal Note

Eliminates Fiscal Impact in Bill

The amendment strikes section 1 of the underlying bill and the associated fiscal impact. This eliminates the potential cost to the Department of Social Services (DSS) and the potential revenue gain to towns related to Medicaid coverage for suicide risk assessments and mental health evaluations provided at school-based health centers or public schools.

The preceding Fiscal Impact statement is prepared for the benefit of the members of the General Assembly, solely for the purposes of information, summarization and explanation and does not represent the intent of the General Assembly or either chamber thereof for any purpose. In general, fiscal impacts are based upon a variety of informational sources, including the analyst's professional knowledge. Whenever applicable, agency data is consulted as part of the analysis, however final products do not necessarily reflect an assessment from any specific department.
