The amendment strikes the underlying bill and its associated fiscal impact.

It requires the Department of Energy and Environmental Protection (DEEP) to conduct a study of waste characterization and composition and analyze the impact on solid waste management. It requires DEEP to report on its findings by January 1, 2024, to the legislature.

This has no fiscal impact since DEEP has expertise for the study.

The preceding Fiscal Impact statement is prepared for the benefit of the members of the General Assembly, solely for the purposes of information, summarization and explanation and does not represent the intent of the General Assembly or either chamber thereof for any purpose. In general, fiscal impacts are based upon a variety of informational sources, including the analyst's professional knowledge. Whenever applicable, agency data is consulted as part of the analysis, however final products do not necessarily reflect an assessment from any specific department.
