sHB-6726

AN ACT CONCERNING THE REGULATION OF LIVESTOCK AND
CERTAIN RABBIT PROCESSING FACILITIES.

AMENDMENT

LCO No.: 7566

File Copy No.: 274

House Calendar No.: 183

OFA Fiscal Note

No Fiscal Impact

The amendment makes several changes to the underlying bill which result in no fiscal impact.

It requires that the Department of Agriculture (DoAg) perform surveillance testing for tuberculosis and brucellosis on each registered milk producing herd. This has no fiscal impact since it is expected that this is current practice.

The amendment also requires that dairy or breeding animals be examined by a licensed veterinarian who would issue an interstate health certificate. This has no fiscal impact as the amendment states the testing would be done at the expense of the licensee.

Lastly, the amendment alters the definition of "owner-shipper statement" which has no fiscal impact.

The preceding Fiscal Impact statement is prepared for the benefit of the members of the General Assembly, solely for the purposes of information, summarization and explanation and does not represent the intent of the General Assembly or either chamber thereof for any purpose. In general, fiscal impacts are based upon a variety of informational sources, including the analyst's professional knowledge. Whenever applicable, agency data is consulted as part of the analysis, however final products do not necessarily reflect an assessment from any specific department.
