sHB-6821

AN ACT CONCERNING CYTOMEGALOVIRUS. AMENDMENT

LCO No.: 8091

File Copy No.: 171

House Calendar No.: 136

OFA Fiscal Note

No Fiscal Impact

The amendment strikes the language of the underlying bill, replacing it with language that requires: (1) newborns to be tested for cytomegalovirus on and after 7/1/25¹ and (2) the Department of Public Health to convene a working group to study issues concerning cytomegalovirus, which is not anticipated to result in a fiscal impact to the State or municipalities.

The preceding Fiscal Impact statement is prepared for the benefit of the members of the General Assembly, solely for the purposes of information, summarization and explanation and does not represent the intent of the General Assembly or either chamber thereof for any purpose. In general, fiscal impacts are based upon a variety of informational sources, including the analyst's professional knowledge. Whenever applicable, agency data is consulted as part of the analysis, however final products do not necessarily reflect an assessment from any specific department.

¹Existing law requires cytomegalovirus testing for newborns that fail a hearing screening.
