person with a multistate license, to convert a multistate license to a single-state license that is only valid in the home state, which is not anticipated to result in a fiscal impact to the state or municipalities.

**Sec. 503** directs that an additional \$2 from certain health care provider and other license renewal fees be deposited into the professional assistance program account that supports the Health Assistance InterVention Education Network (HAVEN), resulting in a revenue gain to HAVEN offset in equal amount by a General Fund revenue loss from diverted licensure fees.

**Sec. 504** directs the Secretary of the Office of the Policy and Management (OPM), in consultation with DPH and a representative of the professional assistance program for regulated professions, to convene a working group and submit a report by 1/1/27, which is not anticipated to result in a fiscal impact as OPM has the expertise necessary to complete this task.
