The amendment makes a variety of changes associated with elections and registration with the Secretary of the State (SOTS), The Department of Motor Vehicles (DMV), and the State Elections Enforcement Commission (SEEC) and results in the fiscal impacts outlined below.

Sections 502-506, requires that SOTS and the DMV and cross reference data and information within the United States Citizenship and Immigration Services electronic immigration status verification, for (1) voter registration, (2) photo identification, and (3) voter registration forms. This results in a potential cost to the extent that additional staff time is required to comply with verification requirements.

Section 507 and 508 requires that registrars of voters of each town compile a report on same day registration voting and report to SOTS and refer any unverified registrations to the State Elections Enforcement Commission (SEEC).
