235 Sec. 2. (NEW) (*Effective October 1, 2024*) (a) (1) No pharmacy  
236 technician may perform the duties of an advanced pharmacy technician  
237 in this state, including, but not limited to, dispensing or redispensing to  
238 patients compatible drugs in compliance packaging under section 4 of  
239 this act, unless such pharmacy technician has applied for and received  
240 an advanced pharmacy technician designation in accordance with the  
241 provisions of this section.

242 (2) Each advanced pharmacy technician designation issued under  
243 this section shall be issued in a form and manner prescribed by the  
244 commissioner, shall be valid for one year and may be renewed for  
245 successive one-year periods upon submission of a complete application  
246 and payment of the renewal fee required in section 20-601 of the general  
247 statutes, as amended by this act.

248 (b) The department shall issue an advanced pharmacy technician  
249 designation to a pharmacy technician who:

250 (1) Submits to the department, in a form and manner prescribed by  
251 the commissioner, (A) a complete application for designation as an  
252 advanced pharmacy technician, and (B) the application fee required in  
253 section 20-601 of the general statutes, as amended by this act;

254 (2) Is actively registered and qualified as a pharmacy technician in  
255 accordance with section 20-598a of the general statutes, as amended by  
256 this act;

257 (3) Was continuously registered as a pharmacy technician in  
258 accordance with section 20-598a of the general statutes, as amended by

259 this act, for the three-year period immediately preceding the date on  
260 which such pharmacy technician applies for an advanced pharmacy  
261 technician designation under this section;

262 (4) Continuously held a certification from the Pharmacy Technician  
263 Certification Board, or any other equivalent pharmacy technician  
264 certification program approved by the department, for the three-year  
265 period immediately preceding the date on which such pharmacy  
266 technician applies for an advanced pharmacy technician designation  
267 under this section, and maintains such certification in good standing;

268 (5) Successfully completed (A) an educational course, during the one-  
269 year period immediately preceding the date on which such pharmacy  
270 technician applies for an initial advanced pharmacy technician  
271 designation under this section, that (i) is accredited by the Accreditation  
272 Council for Pharmacy Education or another appropriate national  
273 accrediting body, or (ii) the commissioner, in the commissioner's  
274 discretion, deems equivalent to an educational course accredited as set  
275 forth in subparagraph (A)(i) of this subdivision, and (B) a competency  
276 assessment performed by a pharmacist in accordance with requirements  
277 established by the commissioner in regulations adopted pursuant to  
278 subsection (e) of this section;

279 (6) Is employed by a pharmacy or institutional pharmacy that  
280 satisfies the requirements established in subsection (d) of this section;  
281 and

282 (7) (A) Works under the direct supervision of a pharmacist who  
283 satisfies the requirements established in subdivision (1) of subsection (c)  
284 of this section; or

285 (B) Is supervised (i) in the manner set forth in section 20-609a of the  
286 general statutes, or (ii) in any manner approved by the commissioner or  
287 commission.

288 (c) (1) The pharmacist who directly supervises an advanced  
289 pharmacy technician may delegate to the advanced pharmacy

290 technician:

291 (A) The pharmacist's authority to perform final verifications,  
292 provided the pharmacy or institutional pharmacy that employs such  
293 advanced pharmacy technician satisfies the requirements established in  
294 subsection (d) of this section;

295 (B) The pharmacist's authority to administer vaccines in accordance  
296 with the provisions of section 20-633 of the general statutes, as amended  
297 by this act, and the regulations adopted pursuant to subsection (d) of  
298 said section; and

299 (C) The pharmacist's authority to administer COVID-19-related tests,  
300 influenza-related tests and HIV-related tests in accordance with the  
301 provisions of section 20-633f of the general statutes, as amended by this  
302 act, and the regulations adopted pursuant to subsection (g) of said  
303 section, except the pharmacist shall not delegate such pharmacist's  
304 responsibility to present the results of any such test to the patient.

305 (2) No pharmacist who makes any delegation to an advanced  
306 pharmacy technician under subdivision (1) of this subsection shall  
307 delegate to the advanced pharmacy technician any discretionary  
308 decision-making authority concerning the propriety of any drug in  
309 relation to a patient's medical condition or treatment plan.

310 (d) (1) The pharmacy or institutional pharmacy that employs an  
311 advanced pharmacy technician:

312 (A) Shall use bar code technology, or another technology approved  
313 by the department, to assist in dispensing drugs and confirm accuracy  
314 in dispensing; and

315 (B) Shall not permit the ratio of advanced pharmacy technicians to  
316 pharmacists physically present in the pharmacy premises or  
317 institutional pharmacy to exceed one advanced pharmacy technician to  
318 one pharmacist providing direct supervision, except such pharmacy or  
319 institutional pharmacy may deviate from such ratio if such deviation is

320 authorized by the commissioner, including, but not limited to, in any  
321 regulation adopted by the commissioner pursuant to subsection (e) of  
322 this section. No advanced pharmacy technician shall be counted toward  
323 the ratio of pharmacy technicians to supervising pharmacists.

324 (2) If a pharmacy employs an advanced pharmacy technician, the  
325 pharmacy shall, in addition to satisfying the requirements set forth in  
326 subdivision (1) of this subsection, not allow the advanced pharmacy  
327 technician to perform any final verification under subparagraph (A) of  
328 subdivision (1) of subsection (c) of this section unless such advanced  
329 pharmacy technician, in performing such final verification, uses a  
330 technology that includes images of each drug that such advanced  
331 pharmacy technician reviews in performing such final verification. The  
332 provisions of this subdivision shall not apply to an institutional  
333 pharmacy.

334 (3) If an institutional pharmacy employs an advanced pharmacy  
335 technician, the institutional pharmacy shall, in addition to satisfying the  
336 requirements set forth in subdivision (1) of this subsection, not allow the  
337 advanced pharmacy technician to perform any final verification under  
338 subparagraph (A) of subdivision (2) of subsection (c) of this section  
339 unless such institutional pharmacy uses bar code scanning, or another  
340 technology or process approved by the department, at the point of  
341 administration to confirm accuracy in dispensing.

342 (e) The commissioner shall adopt regulations, in accordance with the  
343 provisions of chapter 54 of the general statutes, to implement the  
344 provisions of this section. Such regulations shall, at a minimum,  
345 establish: (1) Requirements for performance of the competency  
346 assessment required under subparagraph (B) of subdivision (5) of  
347 subsection (b) of this section; (2) ratios of pharmacists to advanced  
348 pharmacy technicians; and (3) additional requirements concerning the  
349 duties of advanced pharmacy technicians.

350 Sec. 3. (NEW) (*Effective October 1, 2024*) (a) Except for an individual  
351 who is otherwise registered with, or licensed by, the department under

352 chapter 400j of the general statutes, each individual who will physically  
353 work in an area of a pharmacy or institutional pharmacy where  
354 controlled substances or other legend drugs are dispensed by, or under  
355 the supervision of, a pharmacist shall register with the department as a  
356 clerk in accordance with the provisions of this section. For the purposes  
357 of this section, an institutional pharmacy shall not be deemed to include  
358 any patient care area or automated prescription dispensing machine  
359 that is located outside of the area commonly known as the pharmacy.

360 (b) (1) The department shall register as a clerk any individual who  
361 submits to the department, in a form and manner prescribed by the  
362 commissioner, (A) a complete application for registration as a clerk, and  
363 (B) the application fee required in section 20-601 of the general statutes,  
364 as amended by this act.

365 (2) Each clerk registration issued under this section shall be issued in  
366 a form and manner prescribed by the commissioner, shall be valid for  
367 two years and may be renewed for successive two-year periods upon  
368 application and payment of the renewal fee required in section 20-601  
369 of the general statutes, as amended by this act.

370 (3) The department shall not refuse to issue any clerk registration  
371 under this section, or refuse to renew any clerk registration issued under  
372 this section, because the applicant for such registration or renewal has  
373 been convicted of a felony, unless such refusal is rendered in accordance  
374 with the provisions of section 46a-80 of the general statutes.

375 (c) A clerk may, under the direct supervision of a pharmacist, (1)  
376 handle dispensed drugs and deliver such drugs to patients, (2) collect  
377 patient demographic information, (3) collect a prescription number for  
378 the purposes of a refill, (4) deliver a drug to an automated prescription  
379 dispensing machine or other care-giving area within a care-giving  
380 institution or within a correctional or juvenile training institution, (5)  
381 perform the duties of a cashier, including, but not limited to, receiving  
382 payment for dispensed drugs, (6) conduct inventory management, (7)  
383 return to stock any product used to fill a prescription but not sold to a

384 patient, and (8) perform any other duties set forth in regulations  
385 adopted by the commissioner pursuant to subsection (e) of this section.

386 (d) No clerk shall (1) review any drug to determine whether such  
387 drug is an appropriate treatment, (2) verify the accuracy of the  
388 prescription data entered into an electronic data processing system used  
389 by a pharmacy, an original prescription, the contents of a prescription  
390 label or the contents of a prescription container, (3) perform any task  
391 that requires any professional pharmaceutical judgment, or (4)  
392 participate in order entry.

393 (e) The commissioner may adopt regulations, in accordance with the  
394 provisions of chapter 54 of the general statutes, to implement the  
395 provisions of this section, including, but not limited to, regulations  
396 establishing additional requirements for registration as a clerk.

397 Sec. 4. (NEW) (*Effective October 1, 2024*) (a) (1) A pharmacist or  
398 advanced pharmacy technician may, at the request of a patient, the  
399 patient's representative or the patient's prescribing practitioner,  
400 dispense to the patient compatible drugs in compliance packaging.

401 (2) (A) If a patient's prescribing practitioner modifies the patient's  
402 prescription or prescriptions by, among other things, issuing any new  
403 prescription or discontinuing or deprescribing any drug that was  
404 previously dispensed to the patient in compliance packaging, the  
405 pharmacy that first dispensed such previously dispensed drug in such  
406 compliance packaging may, at the request of such patient,  
407 representative or prescribing practitioner and if such pharmacy  
408 documents such modification in writing, (i) accept such compliance  
409 packaging from such patient or representative, (ii) receive and remove  
410 any drugs from such returned compliance packaging and redispense  
411 such drugs to such patient, and (iii) dispense any newly prescribed and  
412 compatible drugs in the redispensed compliance packaging.

413 (B) Any pharmacy that accepts any compliance packaging returned  
414 under this subdivision shall do so exclusively to (i) dispense to the  
415 patient any compatible drugs that are newly prescribed to such patient,

416 and (ii) redispense to the patient any drugs contained in such returned  
417 compliance packaging in the same quantities that were contained in  
418 such returned compliance packaging when such pharmacy accepted  
419 such returned compliance packaging.

420 (C) Each pharmacy that redispenses any drug contained in any  
421 compliance packaging returned under this subdivision shall redispense  
422 such drug to the patient in (i) compliance packaging that exclusively  
423 contains drugs currently prescribed to such patient, or (ii) a separate  
424 container that is labeled in accordance with the provisions of section 20-  
425 617 of the general statutes and subparagraph (D) of this subdivision.

426 (D) If a pharmacy accepts any compliance packaging returned under  
427 this subdivision and such returned compliance packaging contains one  
428 or more drugs that have been deprescribed, discontinued or have  
429 otherwise been deemed to be inappropriate for inclusion in compliance  
430 packaging, as determined by the patient's prescribing practitioner or a  
431 pharmacist, the pharmacy shall redispense such drugs to the patient in  
432 one or more separate containers, each of which shall (i) include not more  
433 than one drug type or dosage, and (ii) bear a label that includes the  
434 patient's name, the original prescription serial number or serial  
435 numbers, the drug name or names, the dosage form or forms, the  
436 quantity or quantities redispensed and instructions for use or disposal,  
437 as applicable, which instructions shall disclose, at a minimum, (I) the  
438 procedures for any lawfully available means of destroying such drug or  
439 drugs at home, and (II) the nearest location where such drug or drugs  
440 may be deposited for destruction, including, but not limited to, the  
441 nearest retail location allowed to accept such drug or drugs under the  
442 regulations adopted pursuant to section 20-576a of the general statutes.

443 (E) No pharmacy, pharmacist, pharmacy intern or advanced  
444 pharmacy technician shall return to a pharmacy's general inventory or  
445 regular stock any returned drug that was previously contained in any  
446 compliance packaging returned under this subdivision, unless  
447 accepting such drug for return to the pharmacy's general inventory or  
448 regular stock is otherwise permitted or required by law.

449 (b) Compliance packaging shall:

450 (1) Exclusively contain (A) individual compartments that are tamper-  
451 evident, and (B) drugs that (i) are currently prescribed to a single patient  
452 pursuant to an order or prescription by the patient's prescribing  
453 practitioner, and (ii) dispensed or redispensed to a single patient by a  
454 pharmacist or an advanced pharmacy technician;

455 (2) Be labeled or relabeled by a pharmacist in accordance with the  
456 provisions of section 20-617 of the general statutes, except if the  
457 compliance packaging contains an opioid drug, as defined in section 20-  
458 14o of the general statutes, only one sticker or label shall be affixed to  
459 such compliance packaging pursuant to section 20-636 of the general  
460 statutes and not to each individual compartment contained in such  
461 compliance packaging;

462 (3) Be child-resistant unless the pharmacy provides to the patient, and  
463 the patient acknowledges and returns to the pharmacy, a waiver  
464 explaining that the drugs contained in the compliance packaging are not  
465 in a child-resistant container;

466 (4) Identify, on each individual compartment, the name and strength  
467 of the drug or drugs contained in such compartment;

468 (5) Not contain more than a ninety-day supply of any drug, as  
469 prescribed, except as otherwise provided in any applicable state or  
470 federal law; and

471 (6) Be compliant with all applicable provisions of the United States  
472 Pharmacopeia, as amended from time to time.

473 (c) (1) An individual compartment of compliance packaging may  
474 contain multiple prescribed drugs, provided:

475 (A) A pharmacist has determined that all drugs contained in such  
476 compartment are compatible drugs;

477 (B) All drugs contained in such compartment are subject to the same

478 instructions concerning time of administration; and

479 (C) No drug contained in such compartment has instructions for use  
480 that permit such drug to be used on an as needed basis.

481 (2) No controlled substance shall be contained in any compliance  
482 packaging that contains any other drug, unless such other drug is a  
483 controlled substance of the same drug type prescribed at a different  
484 dose.

485 (d) A pharmacy that provides compliance packaging services shall:

486 (1) Maintain an area dedicated to the preparation of drugs that are to  
487 be dispensed or redispensed in compliance packaging, which area shall  
488 include all equipment necessary to:

489 (A) Ensure that all compliance packaging is accurately prepared; and

490 (B) Prevent any contamination of such drugs;

491 (2) Maintain standard operating procedures:

492 (A) For the use of compliance packaging and associated equipment,  
493 which procedures shall include, at a minimum, provisions concerning  
494 (i) inspections of compliance packaging integrity, (ii) cleaning, (iii)  
495 labeling, (iv) dispensing and redispensing, (v) proper hand hygiene, (vi)  
496 quarantine, and (vii) handling of dispensed drugs that are removed  
497 from compliance packaging and redispensed to patients in the manner  
498 set forth in subdivision (2) of subsection (a) of this section; and

499 (B) That specify which drugs (i) are not compatible drugs, (ii) are  
500 suitable to be dispensed or redispensed in compliance packaging, or (iii)  
501 require special consideration to be dispensed or redispensed in  
502 compliance packaging; and

503 (3) Maintain the following records:

504 (A) A record of all drugs that the pharmacy dispenses to a patient in  
505 compliance packaging, which record shall include at least the following

506 for each such drug:

507 (i) The patient's name and address;

508 (ii) The identification number, if any, for the compliance packaging  
509 in which such pharmacy dispensed such drug, the date such compliance  
510 packaging was prepared, the initials of the individual who prepared  
511 such compliance packaging and the initials of the individual who  
512 performed a final verification for such compliance packaging;

513 (iii) The name, strength, lot number and national drug code number  
514 for such drug;

515 (iv) The serial number of the prescription for such drug; and

516 (v) A visual description of such drug;

517 (B) A record of all items of compliance packaging that the pharmacy  
518 accepts from a patient for return and redispensing to the patient in the  
519 manner set forth in subdivision (2) of subsection (a) of this section,  
520 which record shall include at least the following for each such item of  
521 compliance packaging:

522 (i) The patient's name and address;

523 (ii) The identification number, if any, for such item of compliance  
524 packaging;

525 (iii) The date on which such pharmacy accepted such item of  
526 compliance packaging for return and redispensing in such manner;

527 (iv) The name of the pharmacist or pharmacy technician who  
528 documented the return of such item of compliance packaging; and

529 (v) The name, formulation and quantity of each drug contained in  
530 such item of compliance packaging when such pharmacy accepted such  
531 item of compliance packaging for return and redispensing in such  
532 manner, including a designation disclosing whether any such drug was  
533 deprescribed if the patient's prescribing practitioner has discontinued

534 the prescription;

535 (C) A record of all items of compliance packaging in which the  
536 pharmacy redispenses any drug to a patient in the manner set forth in  
537 subdivision (2) of subsection (a) of this section, which record shall  
538 include at least the following for each such item of compliance  
539 packaging:

540 (i) The patient's name and address;

541 (ii) The identification number, if any, for such item of compliance  
542 packaging;

543 (iii) The date such item of compliance packaging was prepared for  
544 redispensing in such manner;

545 (iv) The serial number of the prescription for each drug redispensed  
546 in such item of compliance packaging in such manner;

547 (v) The name, formulation and quantity of each drug redispensed in  
548 such item of compliance packaging in such manner;

549 (vi) The name or initials of the redispensing pharmacist;

550 (vii) The initials of the individual who prepared such item of  
551 compliance packaging for redispensing in such manner; and

552 (viii) The initials of the individual who performed a final verification  
553 for such item of compliance packaging for redispensing in such manner;  
554 and

555 (D) A record of all drugs that the pharmacy redispenses to a patient  
556 in any container, other than compliance packaging, in the manner set  
557 forth in subdivision (2) of subsection (a) of this section, which record  
558 shall include at least the following for each such drug:

559 (i) The patient's name and address;

560 (ii) The date such drug was prepared for redispensing in such

561 container in such manner;

562 (iii) The serial number of the prescription for such drug;

563 (iv) The name and formulation of such drug and the quantity of such  
564 drug that was redispensed in such container in such manner; and

565 (v) The name or initials of the redispensing pharmacist.

566 (e) Each pharmacy shall maintain all records that such pharmacy is  
567 required to maintain pursuant to this section for a period of at least three  
568 years. Not later than forty-eight hours after the department requests that  
569 a pharmacy disclose a copy of any record the pharmacy is required to  
570 maintain pursuant to this section, such pharmacy shall disclose such  
571 copy to the department in electronic form or, if such pharmacy is unable  
572 to disclose such copy in electronic form, in paper form.

573 (f) The commissioner may adopt regulations, in accordance with the  
574 provisions of chapter 54 of the general statutes, to implement the  
575 provisions of this section.

576 Sec. 5. Subsection (a) of section 20-579 of the general statutes is  
577 repealed and the following is substituted in lieu thereof (*Effective October*  
578 *1, 2024*):

579 (a) The commission may refuse to authorize the issuance of a  
580 temporary permit to practice pharmacy, may refuse to authorize the  
581 issuance or renewal of a license to practice pharmacy, a license to  
582 operate a pharmacy or a registration of a pharmacy intern or pharmacy  
583 technician, and may revoke, suspend or place conditions on a license or  
584 temporary permit to practice pharmacy, a license to operate a pharmacy,  
585 or a registration of a pharmacy intern or a pharmacy technician, and  
586 may assess a civil penalty of up to one thousand dollars per violation of  
587 any provision of this chapter or take other action permitted in  
588 subdivision (7) of section 21a-7 if the applicant or holder of the license,  
589 temporary permit or registration: (1) Has violated a statute or regulation  
590 relating to drugs, devices or the practice of pharmacy of this state, any

591 state of the United States, the United States, the District of Columbia, the  
592 Commonwealth of Puerto Rico, any territory or insular possession  
593 subject to the jurisdiction of the United States or a foreign jurisdiction;  
594 (2) has been convicted of violating any criminal statute relating to drugs,  
595 devices or the practice of pharmacy of this state, any state of the United  
596 States, the United States, the District of Columbia, the Commonwealth  
597 of Puerto Rico, any territory or insular possession subject to the  
598 jurisdiction of the United States or a foreign jurisdiction; (3) has been  
599 disciplined by, or is the subject of pending disciplinary action or an  
600 unresolved complaint before, the duly authorized pharmacy  
601 disciplinary agency of any state of the United States, the United States,  
602 the District of Columbia, the Commonwealth of Puerto Rico, any  
603 territory or insular possession subject to the jurisdiction of the United  
604 States or a foreign jurisdiction; (4) has been refused a license or  
605 registration or renewal of a license or registration by any state of the  
606 United States, the United States, the District of Columbia, the  
607 Commonwealth of Puerto Rico, any territory or insular possession  
608 subject to the jurisdiction of the United States or a foreign jurisdiction  
609 based on grounds that are similar to grounds on which Connecticut  
610 could refuse to issue or renew such a license or registration; (5) has  
611 illegally possessed, diverted, sold or dispensed drugs or devices; (6)  
612 abuses or excessively uses drugs, including alcohol; (7) has made false,  
613 misleading or deceptive representations to the public or the  
614 commission; (8) has maintained exclusive telephone lines to, has  
615 maintained exclusive electronic communication with, or has exclusive

646 States Pharmacopeia, Chapter 797, Pharmaceutical Compounding -  
647 Sterile Preparations, as amended from time to time; or [(20)] (21) has  
648 failed to demonstrate adherence to applicable provisions of United  
649 States Pharmacopeia, Chapter 795, Pharmaceutical Compounding -  
650 Nonsterile Preparations, as amended from time to time.

651 Sec. 6. Subsections (a) to (c), inclusive, of section 20-598a of the  
652 general statutes are repealed and the following is substituted in lieu  
653 thereof (*Effective October 1, 2024*):

654 (a) No person shall act as a pharmacy technician unless registered  
655 with, or certified with, the department, except an individual who is  
656 enrolled in an accredited pharmacy technician education program may  
657 engage in the duties of a pharmacy technician, as part of the curriculum  
658 of such program, under the direct supervision of a pharmacist who is an  
659 instructor for such program.

660 (b) The department shall [, upon authorization of the commission,]  
661 register as a pharmacy technician any person who presents evidence  
662 satisfactory to the department that such person is qualified to perform,  
663 under the [direct] supervision of a pharmacist, routine functions in the  
664 dispensing of drugs that do not require the use of professional  
665 judgment. The qualifications for registration as a pharmacy technician  
666 under this section shall be in accordance with (1) the standards of an  
667 institutional pharmacy, a care-giving institution or a correctional or  
668 juvenile training institution, in the case of employment in any such  
669 pharmacy or institution, or (2) the standards established by regulation  
670 adopted by the commissioner in accordance with the provisions of  
671 chapter 54, in the case of employment in a pharmacy. [As used in this  
672 subsection, "direct supervision" means a supervising pharmacist (A) is  
673 physically present in the area or location where the pharmacy technician  
674 is performing routine drug dispensing functions, and (B) conducts  
675 in-process and final checks on the pharmacy technician's performance.]

676 (c) The department shall [, upon authorization of the commission,]  
677 certify as a pharmacy technician any person who meets the  
678 requirements for registration as a pharmacy technician, pursuant to  
679 subsection (b) of this section, and who holds a certification from the  
680 Pharmacy Technician Certification Board or any other equivalent  
681 pharmacy technician certification program approved by the  
682 department.

683 Sec. 7. Section 20-601 of the 2024 supplement to the general statutes  
684 is repealed and the following is substituted in lieu thereof (*Effective*  
685 *October 1, 2024*):

686 The department shall collect the following nonrefundable fees:

687 (1) The fee for issuance of a pharmacist license is two hundred  
688 dollars, payable at the date of application for the license.

689 (2) The fee for renewal of a pharmacist license is the professional  
690 services fee for class A, as defined in section 33-182*l*. Before the  
691 commission or commissioner grants a license to an applicant who has

705 within ten days of the change is fifty dollars in addition to the fee for  
706 notice.

707 (7) The fee for filing notice of a change in name, ownership or  
708 management of a pharmacy is ninety dollars. A late fee for failing to give  
709 such notice within ten days of the change is fifty dollars in addition to  
710 the fee for notice.

711 (8) The fee for application for registration as a pharmacy intern is  
712 sixty dollars.

713 (9) The fee for application for a permit to sell nonlegend drugs is one  
714 hundred forty dollars.

715 (10) The fee for renewal of a permit to sell nonlegend drugs is one  
716 hundred dollars.

717 (11) The late fee for failing to notify the [commission] department of  
718 a change of ownership, name or location of the premises of a permit to  
719 sell nonlegend drugs within five days of the change is twenty dollars.

720 (12) The fee for issuance of a nonresident pharmacy certificate of  
721 registration is seven hundred fifty dollars.

722 (13) The fee for renewal of a nonresident pharmacy certificate of  
723 registration is one hundred ninety dollars.

724 (14) The fee for notice of a change in officers or directors of a  
725 [corporation] business entity holding a nonresident pharmacy  
726 certificate of registration is sixty dollars for each pharmacy license held.  
727 A late fee for failing to give such notice within ten days of the change is  
728 fifty dollars, in addition to the fee for notice.

729 (15) The fee for filing notice of a change in name, ownership or  
730 management of a nonresident pharmacy is ninety dollars. A late fee for  
731 failing to give such notice within ten days of the change is fifty dollars,  
732 in addition to the fee for notice.

733 (16) The fee for application for registration as a pharmacy technician  
734 is one hundred dollars.

735 (17) The fee for renewal of a registration as a pharmacy technician is  
736 fifty dollars.

737 (18) The fee for application for designation as an advanced pharmacy  
738 technician is twenty-five dollars, which fee shall be in addition to the fee  
739 required in subdivision (16) of this section.

740 (19) The fee for renewal of a designation as an advanced pharmacy  
741 technician is twenty-five dollars, which fee shall be in addition to the fee  
742 required in subdivision (17) of this section.

743 ~~[(18)]~~ (20) The fee for issuance of a temporary permit to practice  
744 pharmacy is two hundred dollars.

745 (21) The fee for application for registration, and renewal of a  
746 registration, as a clerk is twenty-five dollars.

747 Sec. 8. Section 20-601 of the 2024 supplement to the general statutes,

748 as amended by section 7 of this act, is repealed and the following is  
749 substituted in lieu thereof (*Effective July 1, 2025*):

750 The department shall collect the following nonrefundable fees:

751 (1) The fee for issuance of a pharmacist license is two hundred  
752 dollars, payable at the date of application for the license.

753 (2) The fee for renewal of a pharmacist license is [the professional  
754 services fee for class A, as defined in section 33-182] one hundred five  
755 dollars. Before the commission or commissioner grants a license to an  
756 applicant who has not held a license authorized by the commission or  
757 commissioner within five years of the date of application, the applicant  
758 shall pay the fee required in subdivision (1) of this section. On or before  
759 the last day of January, April, July and October in each year, the  
760 commissioner shall transfer five dollars of each renewal fee collected  
761 pursuant to this subdivision to the pharmacy professional assistance  
762 program account established in section 20-638c.

763 (3) The fee for issuance of a pharmacy license is seven hundred fifty  
764 dollars.

765 (4) The fee for renewal of a pharmacy license is one hundred ninety  
766 dollars.

767 (5) The late fee for an application for renewal of a license to practice  
768 pharmacy, a pharmacy license or a permit to sell nonlegend drugs is the  
769 amount set forth in section 21a-4.

770 (6) The fee for notice of a change in officers or directors of a business  
771 entity holding a pharmacy license is sixty dollars for each pharmacy  
772 license held. A late fee for failing to give such notice within ten days of  
773 the change is fifty dollars in addition to the fee for notice.

774 (7) The fee for filing notice of a change in name, ownership or  
775 management of a pharmacy is ninety dollars. A late fee for failing to give  
776 such notice within ten days of the change is fifty dollars in addition to  
777 the fee for notice.

778 (8) The fee for application for registration as a pharmacy intern is  
779 [sixty dollars] sixty-five dollars. On or before the last day of January,  
780 April, July and October in each year, the commissioner shall transfer  
781 five dollars of each fee collected pursuant to this subdivision to the  
782 pharmacy professional assistance program account established in  
783 section 20-638c.

798 notice within ten days of the change is fifty dollars, in addition to the fee  
799 for notice.

800 (15) The fee for filing notice of a change in name, ownership or  
801 management of a nonresident pharmacy is ninety dollars. A late fee for  
802 failing to give such notice within ten days of the change is fifty dollars,  
803 in addition to the fee for notice.

804 (16) The fee for application for registration as a pharmacy technician  
805 is one hundred dollars.

806 (17) The fee for renewal of a registration as a pharmacy technician is

807 fifty dollars.

808 (18) The fee for application for designation as an advanced pharmacy  
809 technician is twenty-five dollars, which fee shall be in addition to the fee  
810 required in subdivision (16) of this section.

811 (19) The fee for renewal of a designation as an advanced pharmacy  
812 technician is twenty-five dollars, which fee shall be in addition to the fee  
813 required in subdivision (17) of this section.

814 (20) The fee for issuance of a temporary permit to practice pharmacy  
815 is two hundred dollars.

816 (21) The fee for application for registration, and renewal of a  
817 registration, as a clerk is twenty-five dollars.

818 Sec. 9. Section 20-633 of the 2024 supplement to the general statutes  
819 is repealed and the following is substituted in lieu thereof (*Effective*  
820 *October 1, 2024*):

821 (a) (1) Any person licensed as a pharmacist under part II of this  
822 chapter may order, prescribe and administer:

823 (A) Any vaccine, approved or authorized by the United States Food  
824 and Drug Administration that is listed on the National Centers for  
825 Disease Control and Prevention's [Adult Immunization Schedule] age-  
826 appropriate immunization schedule, to any patient who is: (i) Eighteen  
827 years of age or older; or (ii) at least twelve years of age but younger than  
828 eighteen years of age with (I) the consent of such patient's parent, legal  
829 guardian or other person having legal custody of such patient, or (II)  
830 proof that such patient is an emancipated minor; [.]

831 (B) Any vaccine not included on the National Centers for Disease  
832 Control and Prevention's Adult Immunization Schedule to any patient  
833 who is eighteen years of age or older, provided the vaccine  
834 administration instructions for such vaccine are available on the  
835 National Centers for Disease Control and Prevention's Internet web site;  
836 and

837 (C) Any vaccine pursuant to a verbal or written prescription of a  
838 prescribing practitioner for a specific patient.

839 (2) A pharmacist shall make a reasonable effort to review a patient's  
840 vaccination history to prevent any inappropriate use of a requested  
841 vaccine.

842 (3) All vaccines administered pursuant to this section shall be  
843 administered in accordance with the: (A) Vaccine manufacturer's  
844 package insert or the orders of a prescribing practitioner; and (B)  
845 regulations adopted pursuant to subsection (d) of this section.

846 (4) A pharmacist may delegate to an advanced pharmacy technician  
847 the pharmacist's authority to administer a vaccine described in  
848 subparagraph (A) of subdivision (1) of this subsection to a patient  
849 described in said subparagraph, provided the advanced pharmacy  
850 technician administers the vaccine: (A) Under the direct supervision of  
851 such pharmacist; and (B) in accordance with the provisions of this  
852 section and the regulations adopted pursuant to subsection (d) of this  
853 section.

854 (b) A pharmacist who has completed the training required in  
855 regulations adopted pursuant to subsection (d) of this section may  
856 administer an epinephrine cartridge injector, as defined in section 19a-  
857 909, to a patient whom the pharmacist reasonably believes, based on  
858 such pharmacist's knowledge and training, is experiencing anaphylaxis,  
859 regardless of whether such patient has a prescription for an epinephrine  
860 cartridge injector. Such pharmacist, or such pharmacist's designee, shall  
861 call the 9-1-1 emergency telephone number either before or immediately  
862 after such pharmacist administers the epinephrine cartridge injector to  
863 such patient. Such pharmacist shall document the date, time and  
864 circumstances in which such pharmacist administered such epinephrine  
865 cartridge injector, and maintain such documentation for at least three  
866 years.

867 (c) (1) A certified and registered pharmacy technician may administer  
868 a vaccine to a patient at a pharmacy if: (A) The managing pharmacist of

869 such pharmacy is authorized to administer vaccines under this section;  
870 and (B) such pharmacy technician (i) has successfully completed a  
871 course of hands-on training, certified by the American Council for  
872 Pharmacy Education, concerning the administration of vaccines, (ii) has  
873 been trained at such pharmacy regarding the process for administering  
874 vaccines to patients at such pharmacy, (iii) successfully completes at  
875 least one hour of annual continuing education concerning  
876 immunization, (iv) has been evaluated by the managing pharmacist of  
877 such pharmacy, and (v) administers such vaccine at the direction of the  
878 pharmacist on duty at such pharmacy.

879 (2) During the period beginning on September first and ending on  
880 March thirty-first of the succeeding calendar year, a certified and  
881 registered pharmacy technician shall not count toward the pharmacist-  
882 to-technician ratio set forth in section 20-576-33 of the regulations of  
883 Connecticut state agencies if such pharmacy technician: (A) Is  
884 authorized to administer vaccines under this section; and (B) exclusively  
885 performs duties related to the administration of vaccines during such  
886 period.

887 (d) (1) The Commissioner of Consumer Protection, in consultation  
888 with the Commissioner of Public Health and the Commission of  
889 Pharmacy, shall adopt regulations, in accordance with the provisions of  
890 chapter 54, to implement the provisions of this section. Such regulations  
891 shall: [(1)] (A) Require any pharmacist who administers a vaccine  
892 pursuant to this section to successfully complete an immunization  
893 training program for pharmacists; [(2)] (B) define the basic requirements  
894 of such training program, which shall include training and instruction  
895 in pre-administration education and screening, vaccine storage and  
896 handling, subcutaneous and intramuscular injections, recordkeeping,  
897 vaccine safety, cardiopulmonary resuscitation, basic cardiac life support  
898 and adverse event reporting; [(3)] (C) identify qualifying training  
899 programs, which are accredited by the National Centers for Disease  
900 Control Prevention, the Accreditation Council for Pharmacy Education  
901 or another appropriate national accrediting body; and [(4)] (D) establish  
902 a system of control and reporting.

903       (2) The Commissioner of Consumer Protection may amend the  
904 regulations adopted pursuant to subdivision (1) of this subsection, in  
905 accordance with the provisions of chapter 54, to: (A) Establish additional  
906 requirements concerning delegations by pharmacists to advanced  
907 pharmacy technicians under this section; and (B) the administration of  
908 vaccines by advanced pharmacy technicians under this section.

909       Sec. 10. Section 20-633f of the 2024 supplement to the general statutes  
910 is repealed and the following is substituted in lieu thereof (*Effective*  
911 *October 1, 2024*):

912       (a) For the purposes of this section:

913       (1) "COVID-19" means the respiratory disease designated by the  
914 World Health Organization on February 11, 2020, as coronavirus 2019,  
915 and any related mutation thereof recognized by said organization;

916       (2) "COVID-19-related test" means any laboratory test, or series of  
917 laboratory tests, for any virus, antibody, antigen or etiologic agent  
918 thought to cause, or indicate the presence of, COVID-19;

919       (3) "HIV-related prophylaxis" means any drug approved by the  
920 federal Food and Drug Administration or any successor agency as a pre-  
921 exposure or post-exposure prophylaxis for the human  
922 immunodeficiency virus;

923       (4) "HIV-related test" has the same meaning as provided in section  
924 19a-7o; and

925       (5) "Influenza-related test" means any laboratory test, or series of  
926 laboratory tests, for any virus, antibody, antigen or etiologic agent  
927 thought to cause, or indicate the presence of, influenza disease.

928       (b) (1) Any pharmacist licensed under this chapter may order, and  
929 administer to a patient, a COVID-19-related test or influenza-related test  
930 if: (A) Such pharmacist (i) is employed by a pharmacy that has  
931 submitted to the Department of Public Health a complete clinical  
932 laboratory improvement amendment application for certification for the

933 COVID-19-related test or influenza-related test and the Department of  
934 Public Health has approved such application, and (ii) has completed any  
935 training required by the Department of Consumer Protection; and (B)  
936 the patient is (i) eighteen years of age or older, or (ii) at least twelve years  
937 of age but younger than eighteen years of age with (I) the consent of  
938 such patient's parent, legal guardian or other person having legal  
939 custody of such patient, or (II) proof that such patient is an emancipated  
940 minor.

941 (2) Any pharmacist licensed under this chapter may order, and  
942 administer to a patient, a COVID-19-related test or influenza-related test  
943 if: (A) Such pharmacist is employed by a hospital; and (B) the patient is  
944 (i) eighteen years of age or older, or (ii) at least twelve years of age but  
945 younger than eighteen years of age with (I) the consent of such patient's  
946 parent, legal guardian or other person having legal custody of such  
947 patient, or (II) proof that such patient is an emancipated minor.

948 (3) Any pharmacist licensed under this chapter may delegate to an  
949 advanced pharmacy technician the pharmacist's authority to administer  
950 to a patient a COVID-19-related test or influenza-related test under this  
951 subsection if: (A) The advanced pharmacy technician has completed any  
952 training required by the Department of Consumer Protection  
953 concerning the proper administration of the COVID-19-related test or  
954 influenza-related test; and (B) the advanced pharmacy technician  
955 administers the COVID-19-related test or influenza-related test (i) under  
956 the direct supervision of such pharmacist, and (ii) in accordance with  
957 the provisions of this section and the regulations adopted pursuant to  
958 subsection (g) of this section.

959 (c) (1) On or after the adoption of regulations pursuant to subsection  
960 (g) of this section, any pharmacist licensed under this chapter may  
961 order, and administer to a patient, an HIV-related test if: (A) Such  
962 pharmacist (i) is employed by a pharmacy that has submitted to the  
963 Department of Public Health a complete clinical laboratory  
964 improvement amendment application for certification for the HIV-  
965 related test and the Department of Public Health has approved such

966 application, and (ii) has completed the training required under  
967 regulations adopted pursuant to subsection (g) of this section; and (B)  
968 the patient is (i) eighteen years of age or older, or (ii) at least twelve years  
969 of age but younger than eighteen years of age with (I) the consent of  
970 such patient's parent, legal guardian or other person having legal  
971 custody of such patient, or (II) proof that such patient is an emancipated  
972 minor.

973 (2) On or after the adoption of regulations pursuant to subsection (g)  
974 of this section, any pharmacist licensed under this chapter may order,  
975 and administer to a patient, an HIV-related test if: (A) Such pharmacist  
976 is employed by a hospital; and (B) the patient is (i) eighteen years of age  
977 or older, or (ii) at least twelve years of age but younger than eighteen  
978 years of age and such pharmacist has obtained (I) the consent of such  
979 patient's parent, legal guardian or other person having legal custody of  
980 such patient, or (II) proof that such patient is an emancipated minor.

981 (3) Any pharmacist licensed under this chapter may delegate to an  
982 advanced pharmacy technician the pharmacist's authority to administer  
983 to a patient an HIV-related test under this subsection and the  
984 regulations adopted pursuant to subsection (g) of this section if: (A) The  
985 advanced pharmacy technician has completed any training required by  
986 the Department of Consumer Protection concerning the proper  
987 administration of the HIV-related test; and (B) the advanced pharmacy  
988 technician administers the HIV-related test (i) under the direct  
989 supervision of such pharmacist, and (ii) in accordance with the  
990 provisions of this section and the regulations adopted pursuant to  
991 subsection (g) of this section.

992 (d) (1) If a pharmacist orders and administers, or if a pharmacist  
993 orders and an advanced pharmacy technician working under the  
994 pharmacist's direct supervision administers, a COVID-19-related test or  
995 influenza-related test under subsection (b) of this section, or an HIV-  
996 related test under subsection (c) of this section, the pharmacist shall: [(1)]  
997 [(A)] Provide the results of such test to [(A)] (i) the patient, in writing,  
998 [(B)] (ii) the patient's primary care provider, if the patient identifies any

999 such primary care provider, and [(C)] (iii) the Commissioner of  
1000 Consumer Protection or said commissioner's designee, upon request by  
1001 said commissioner or such designee; [(2)] (B) report the results of such  
1002 test to the director of health of the town, city or borough in which such  
1003 case resides and to the Department of Public Health in the manner set  
1004 forth in section 19a-215 and applicable regulations; and [(3)] (C)  
1005 maintain a record of the results of such test for three years.

1006 (2) No pharmacist shall delegate to an advanced pharmacy technician  
1007 the pharmacist's duty to provide to the patient the results of: (A) A  
1008 COVID-19-related test or influenza-related test ordered and  
1009 administered under subsection (b) of this section; or (B) an HIV-related  
1010 test ordered and administered under subsection (c) of this section.

1011 (e) (1) If a pharmacist orders and administers, or if a pharmacist  
1012 orders and an advanced pharmacy technician working under the  
1013 pharmacist's direct supervision administers, an HIV-related test under  
1014 subsection (c) of this section and the result of such test is negative, the  
1015 pharmacist may prescribe and dispense to the patient any HIV-related  
1016 prophylaxis according to the manufacturer's package insert, provided:  
1017 (A) Such pharmacist has completed the training required under the  
1018 regulations adopted pursuant to subsection (g) of this section; (B) such  
1019 patient satisfies the criteria established in such package insert; and (C)  
1020 such HIV-related prophylaxis is prescribed and dispensed in  
1021 accordance with all applicable requirements established in (i) this  
1022 section, (ii) this chapter, or (iii) any regulations adopted pursuant to  
1023 subsection (g) of this section or this chapter.

1024 (2) If a pharmacist prescribes any HIV-related prophylaxis under  
1025 subdivision (1) of this subsection, the pharmacist shall provide to the  
1026 Commissioner of Consumer Protection or the commissioner's designee,  
1027 upon request by said commissioner or such designee: (A) A copy of the  
1028 results of the HIV-related test described in subdivision (1) of this  
1029 subsection; (B) prescription information maintained pursuant to this  
1030 chapter; and (C) any other documentation the commissioner may  
1031 require in regulations adopted pursuant to subsection (g) of this section.

1032 (f) Notwithstanding the provisions of section 1-210, all information a  
1033 pharmacist submits to the Department of Consumer Protection  
1034 pursuant to this section, or any regulation adopted pursuant to  
1035 subsection (g) of this section, shall be confidential. The department shall  
1036 use such information to perform the department's duties concerning  
1037 pharmacy, to ensure compliance with and enforce provisions of the  
1038 general statutes and regulations of Connecticut state agencies  
1039 concerning pharmacy and for no other purpose. If the department  
1040 brings an enforcement action and uses any such information as part of  
1041 such action, the department may disclose such information to the parties  
1042 to such action only if such disclosure is required by applicable law. No  
1043 such party shall further disclose such information except to a tribunal,  
1044 the Commission of Pharmacy, an administrative agency or a court with  
1045 jurisdiction over such action. Such tribunal, commission, agency or  
1046 court shall ensure that such information is subject to a qualified  
1047 protective order, as defined in 45 CFR 164.512(e), as amended from time  
1048 to time.

1049 (g) (1) The Commissioner of Consumer Protection, in consultation  
1050 with the Commissioner of Public Health, the Commission of Pharmacy,  
1051 a state-wide professional society representing the interests of physicians  
1052 practicing medicine in this state and a state-wide organization  
1053 representing the interests of health care professionals and scientists  
1054 specializing in the control and prevention of infectious diseases, shall  
1055 adopt regulations, in accordance with the provisions of chapter 54, to  
1056 implement the provisions of this section. Such regulations shall, at a  
1057 minimum: [(1)] (A) Ensure compliance with all applicable guidance  
1058 issued by the federal Centers for Disease Control and Prevention; [(2)]  
1059 (B) ensure that each HIV-related prophylaxis prescribed and dispensed  
1060 under subsection (e) of this section is prescribed and dispensed in  
1061 accordance with the approval the federal Food and Drug  
1062 Administration has granted for such HIV-related prophylaxis; [(3)] (C)  
1063 establish permissible routes of administration; [(4)] (D) establish  
1064 prescription duration limits not to exceed [(A)] (i) sixty days for any pre-  
1065 exposure HIV-related prophylaxis, or [(B)] (ii) thirty days for any post-

1066 exposure HIV-related prophylaxis; [(5)] (E) specify [(A)] (i) how  
1067 frequently a pharmacist shall provide treatment to a patient under this  
1068 section, [(B)] (ii) when a pharmacist providing treatment to a patient  
1069 under this section shall refer such patient to such patient's primary care  
1070 provider or any other health care provider identified by such patient,  
1071 and [(C)] (iii) the circumstances in which a pharmacist shall recommend  
1072 that a patient undergo screenings for sexually transmitted infections  
1073 other than the human immunodeficiency virus; [(6)] (F) establish  
1074 requirements concerning private areas for consultations between  
1075 pharmacists and patients; [(7)] (G) establish training requirements  
1076 concerning [(A)] (i) methods to obtain a patient's complete sexual  
1077 history, [(B)] (ii) delivering a positive HIV-related test result to a patient,  
1078 [(C)] (iii) referring a patient who has tested positive for the human  
1079 immunodeficiency virus to the services that are available to such  
1080 patient, and [(D)] (iv) using HIV-related prophylaxes for patients who  
1081 have tested negative for the human immunodeficiency virus; [(8)] (H)  
1082 identify qualifying training programs, which are accredited by the  
1083 National Centers for Disease Control and Prevention, the Accreditation  
1084 Council for Pharmacy Education or another appropriate national  
1085 accrediting body; and [(9)] (I) establish a system of control and  
1086 reporting.

1087 (2) The Commissioner of Consumer Protection may amend the  
1088 regulations adopted pursuant to subdivision (1) of this subsection, in  
1089 accordance with the provisions of chapter 54, to: (A) Establish additional  
1090 requirements concerning delegations by pharmacists to advanced  
1091 pharmacy technicians under this section; and (B) the administration of  
1092 COVID-19-related tests, influenza-related tests and HIV-related tests by  
1093 advanced pharmacy technicians under this section.

1094 Sec. 11. (*Effective from passage*) (a) There is established a task force to  
1095 study the impact of unannounced retail pharmacy closures. Such study  
1096 shall include, but need not be limited to, an examination of any available  
1097 means of ensuring that patients are able to maintain access to their  
1098 prescriptions in the event of an unannounced retail pharmacy closure.

- 1099 (b) The task force shall consist of the following members:
- 1100 (1) Two appointed by the speaker of the House of Representatives;
- 1101 (2) Two appointed by the president pro tempore of the Senate;
- 1102 (3) One appointed by the majority leader of the House of  
1103 Representatives;
- 1104 (4) One appointed by the majority leader of the Senate;
- 1105 (5) One appointed by the minority leader of the House of  
1106 Representatives;
- 1107 (6) One appointed by the minority leader of the Senate;
- 1108 (7) The Commissioner of Consumer Protection, or the commissioner's  
1109 designee; and
- 1110 (8) Two persons appointed by the Governor.
- 1111 (c) Any member of the task force appointed under subdivision (1),  
1112 (2), (3), (4), (5) or (6) of subsection (b) of this section may be a member  
1113 of the General Assembly.
- 1114 (d) All initial appointments to the task force shall be made not later  
1115 than thirty days after the effective date of this section. Any vacancy shall  
1116 be filled by the appointing authority.
- 1117 (e) The speaker of the House of Representatives and the president pro  
1118 tempore of the Senate shall select the chairpersons of the task force from  
1119 among the members of the task force. Such chairpersons shall schedule  
1120 the first meeting of the task force, which shall be held not later than sixty  
1121 days after the effective date of this section.
- 1122 (f) The administrative staff of the joint standing committee of the  
1123 General Assembly having cognizance of matters relating to consumer  
1124 protection shall serve as administrative staff of the task force.

1125 (g) Not later than January 1, 2025, the task force shall submit a report  
 1126 on its findings and recommendations to the joint standing committee of  
 1127 the General Assembly having cognizance of matters relating to  
 1128 consumer protection, in accordance with the provisions of section 11-4a  
 1129 of the general statutes. The task force shall terminate on the date that it  
 1130 submits such report or January 1, 2025, whichever is later.

1131 Sec. 12. Section 259 of public act 23-204 is repealed. (*Effective October*
