Dear Friends:

In 1973 I began my personal commitment to serving Town government, always as a volunteer, when I became a member of the Wilton Board of Education. Since that time I have served on the Wilton Board of Selectmen for eleven (11) years, and I will soon enter my tenth year on the Wilton Social Services Commission --- at age 79.

I am nonetheless a very private person. If the state or municipality had required financial disclosure at any stage, I would simply have declined the opportunity to serve. I choose not to tell the world what financial resources I have - and do not have.

Please do not recommend the imposition of mandatory financial disclosure on Connecticut's 169 towns and cities. The potential damage and loss far outweigh any theoretical benefit.

Thank you for your consideration.

Sincerely,
