### Transfer Supply Chain Personnel to OSC

Personal Services	-	-	-
<b>Total - General Fund</b>	-	-	-
<b>Positions - General Fund</b>	-	5	5

#### Background

The Original FY 16 - FY 17 biennial budget transferred funding from the Department of Administrative Services (DAS) to the Office of the State Comptroller (OSC) for the operation of statewide supply chain management. This includes goods and contractual services master contracts used by all state agencies and in some cases, municipalities. This does not include consultant services.

#### Committee

Transfer five positions from DAS for the statewide supply chain management. The Original FY 16 - FY 17 biennial budget reflected a transfer of two positions from DAS, which were not reflected in OSC's authorized position count. Funding for the five positions was transferred to OSC from DAS in the Original FY 16 - FY 17 biennial budget.

Agency Operations	29,612,655	-	(29,612,655)
<b>Total - General Fund</b>	-	-	-

#### Background

Currently, state agency appropriations are distributed between multiple line items. The Governor's Revised FY 17 budget consolidates funding by collapsing most or all appropriations into a new "Agency Operations" line item. Certain major line items such as Education Cost Sharing (ECS) grants, entitlements, pension and debt service payments, remain as separate line items within their respective agencies and are not consolidated.

Currently, state agency appropriations are distributed between multiple line items. The Governor's Revised FY 17 budget consolidates funding by collapsing most or all appropriations into a new "Agency Operations" line item. Certain major line items such as Education Cost Sharing (ECS) grants, entitlements, pension and debt service payments, remain as separate line items within their respective agencies and are not consolidated.

#### Governor

Consolidate multiple agency appropriations into one account.

#### Committee

Maintain existing appropriated accounts.

In FY 16, DAS budgeted \$91,000 for oil; \$42,000 for electricity; \$50,000 for premises repair, maintenance & supplies; \$27,000 for property management services; and \$50,000 for security of the property.

Under the new lease, DAS pays \$1/year plus 100% of the utilities and services required for the data center building. Starting in FY 16, the Judicial Branch moved its data center into a portion of the space leased by DAS. This increased the utilities and services needed for the building. Judicial has agreed to pay for its share of the utilities and services. Judicial began paying DAS on August 1, 2015. The original lease will expire in 2019, with an option of an additional 5 years.

#### Background

Currently, state agency appropriations are distributed between multiple line items. Certain major line items such as Education Cost Sharing (ECS) grants, entitlements, pension and debt service payments, remain as separate line items within their respective agencies and are not consolidated.

**Background**

Currently, state agency appropriations are distributed between multiple line items. The Governor's Revised FY 17 budget consolidates funding by collapsing most or all appropriations into a new "Agency Operations" line item. Certain major line items such as Education Cost Sharing (ECS) grants, entitlements, pension and debt service payments, remain as separate line items within their respective agencies and are not consolidated.

**Governor**

Consolidate multiple agency appropriations into one account.

**Committee**

Maintain existing appropriated accounts.

#### Background

Currently, state agency appropriations are distributed between multiple line items. The Governor's Revised FY 17 budget consolidates funding by collapsing most or all appropriations into a new "Agency Operations" line item. Certain major line items such as Education Cost Sharing (ECS) grants, entitlements, pension and debt service payments, remain as separate line items within their respective agencies and are not consolidated.

#### Governor

Consolidate multiple agency appropriations into one account.

#### Committee

Maintain existing appropriated accounts.

**Background**

Currently, state agency appropriations are distributed between multiple line items. The Governor's Revised FY 17 budget consolidates funding by collapsing most or all appropriations into a new "Agency Operations" line item. Certain major line items such as Education Cost Sharing (ECS) grants, entitlements, pension and debt service payments, remain as separate line items within their respective agencies and are not consolidated.

<b>Total - General Fund</b>	<b>(1,153,793)</b>	-	<b>1,153,793</b>

**Background**

Through the Tax Abatement program, the state makes partial tax payments to municipalities on behalf of non-profit owners of eligible rental housing in order to maintain rent at an affordable level for tenants. The program funds only those municipalities originally in the program; no new applicants are currently accepted. In FY 16, funding for this program was eliminated through a statutorily required lapse adjustment per PA 15-244.

**Governor**

Eliminate funding of \$1,153,793 in FY 17 in order to achieve savings. This adjustment which is a continuation of the FY 16 lapse in the account effectively eliminates the program in FY 17.

**Committee**

Reduce the "Housing/Homeless Services" account by \$1,000,000, or 1.3% of the original FY 17 appropriation, to achieve savings. The Department of Housing may use discretion over which programs shall be reduced in a manner that most efficiently maintains the agency's core missions, with the exception of funding for the medical respite program at Columbus House which will be maintained at the original FY 17 appropriation level of \$400,000.

The Institutional General Welfare Fund (IGWF) is a non-appropriated account maintained by the Department of Veterans Affairs. DVA collects fees from residents at the Veterans' Home. These fees, along with private monetary donations made to the state for veterans, are deposited into the IGWF. The purpose of the IGWF is to assist veterans in various ways, including: (1) funding for the therapeutic vocational program, (2) Veterans' Home activities and operation, (3) transportation costs for medical appointments off-site, (4) financial assistance to those transitioning out of residential care and moving back into their communities (e.g., security deposit, and kitchen supplies), and (5) other related veterans activities, or initiatives.

In FY 15, the revenue for the IGWF was \$2.6 million and expenditures totaled \$2 million, both of which are primarily driven by the number of veterans residing at the veterans' home. The IGWF started FY 16 with a balance of \$567,322. It is projected to generate \$2.5 million in revenue during the fiscal year, and to end FY 16 with a balance of approximately \$450,000.

### Adjust Funding for Community Health Centers

Community Health Services	(422,327)	-	422,327
<b>Total - General Fund</b>	<b>(422,327)</b>	<b>-</b>	<b>422,327</b>

#### Background

The FY 16 and FY 17 Biennial Budget transferred Community Health Center (CHC) funding of \$3,894,157 in both FY 16 and FY 17 from DPH's Community Health Services account to the Department of Social Services' (DSS) Medicaid account. Due to net budgeting, \$1,550,000 was appropriated to DSS in each fiscal year to reflect this transfer, which assumed a federal reimbursement rate of approximately 60%. Pursuant to Section 402(b) of PA 15-5 JSS, \$422,327 in each fiscal year remained with DPH, so that the agency could continue to provide grants to CHCs. DPH was allowed to consider the following when establishing the grants: (1) the amount of funding received by such centers in grants disbursed by DPH in FY 15, and (2) the amount of uncompensated care provided by the center.

Other entities funded under DPH's Community Health Services account include: (1) Planned Parenthood of Southern New England, Inc., which provides comprehensive health services at locations across the state. Its major goals include decreasing the teen birth rate, preventing unintended pregnancy, and increasing access to primary reproductive health care; (2) the Waterbury Health Access Program, which provides the uninsured and underinsured in Greater Waterbury access to affordable health care, prescription medicines, disease management, and social services; and (3) New Haven Health Access Program, a coordinated system of physicians, hospitals and community organizations working together to provide donated specialty health care to low-income, uninsured individuals.

#### Governor

#### Background

Section 39(a) of PA 15-244, the FY 16 and FY 17 Biennial Budget, included a funding transfer from the Tobacco and Health Trust Fund (THTF) to DPH to support: an adult asthma Easy Breathing Program, (\$150,000 in both fiscal years), a children's asthma Easy Breathing Program, (\$250,000 in both fiscal years), and an Asthma Outreach and Education Program (\$150,000 in both fiscal years). The contractors for these programs are Bridgeport Hospital (adult Easy Breathing Program), Connecticut Children's Medical Center (children's Easy Breathing Program), and the Connecticut Coalition for Environmental Justice (CCEJ). Funding for CCEJ's Asthma Awareness Program in FY 16 (\$150,000) will not be expended.

School Based Health Centers (SBHCs) are comprehensive primary health care facilities licensed as outpatient clinics, or as hospital satellites. They are located within or on school grounds, and serve students in pre-kindergarten through grade 12. SBHCs provide primary health care with referral to specialty care when necessary. Some provide mental health and/or dental care. SBHCs may be full-time, or part-time, during the school year. There are more SBHC sites in the state than are provided funding through this account.

<b>Positions - General Fund</b>	<b>2</b>	<b>2</b>	<b>-</b>

#### Background

The hospital roundtable was created by PA 15-146 to increase transparency of hospital costs, including executive pay, and increase consumer access to information on health care costs and coverage. In addition, the roundtable is charged with decreasing consumer costs related to "surprise billing" and facility fees, and improving monitoring of the health care marketplace. In FY 16, \$500,000 was transferred from the Department of Social Services (DSS), via interagency agreements, to various agencies to implement these provisions in support of the roundtable.

#### Governor

Transfer funding of \$183,251, and two positions, from DSS to DPH to support the hospital roundtable.

Current projections for FY 16 place a two-fiscal-year increase in autopsies at over 58%. The Office is open 24 hours a day, every day of the year. It is charged to investigate all human deaths that fall into the following six categories:

1. Violent (whether apparently homicidal, suicidal, or accidental),
2. Sudden, or unexpected, that are not caused by a readily recognizable disease,
3. Under suspicious circumstances,
4. Related to disease resulting from employment,
5. Related to disease that might constitute a threat to public health, and
6. The bodies of the deceased to be cremated.

#### Background

HB 5043, the Governor's Deficiency Bill, results in no net increase to the General Fund. Increases of \$45.5 million are offset by funding reductions in various accounts. The bill includes \$450,000 in deficiency funding in FY 16 for this agency (\$310,000 in the Personal Services account, and \$140,000 in the Other Expenses account). This funding is required as CME's overall caseload continues to rise. From FY 14 to FY 15, autopsies increased by more than 33%, from 1,488 to 1,993.

<b>Positions - General Fund</b>	<b>(70)</b>	<b>(70)</b>	-

**Background**

The Governor's Revised FY 17 Budget recommends the conversion of 30 groups homes (10 full year and 20 half year) from public to private operation. As of February 2016, there are 63 public Community Living Arrangements (CLAs), commonly referred to as group homes, with a total census of 324 individuals. The approximate total cost of public CLAs is \$56 million per year with 435 full-time and 343 part-time direct care staff. Public CLAs represent less than 10% of all CLAs, with private provider agencies running over 90% of the DDS CLAs.

**Governor**

Reduce funding by a net \$3,075,118, and eliminate 70 positions, to reflect the full year conversion of ten state-operated residential group homes to operation by private provider agencies. This includes:

- A reduction of \$8,367,747 to Personal Services by transferring approximately 70 full-time and 55 part-time staff to fill direct care vacancies elsewhere in the system to help reduce overtime;
- A reduction of \$569,535 to Other Expenses due to privatization;

Account	Governor Revised FY 17	Committee FY 17	Difference from Governor
---------	------------------------	-----------------	--------------------------

- A reduction of \$57,055 to Clinical Services due to privatization;
- An increase of \$5,919,219 to the Community Residential Services account to fund the contracted costs to private provider agencies for the converted CLAs.

The savings estimated is based on all ten CLAs being privatized for a full year in FY 17. It is anticipated that a minimum of five homes will be converted effective May 1, 2016, with the remaining five effective July 1, 2016. It should be noted there is also a cost of \$1,150,000 to the Department of Social Services (DSS) to support additional room and board costs associated with all 30 conversions.

#### Governor

Reduce funding by a net \$3,075,118 and eliminate 140 positions to reflect the half year conversion of 20 state-operated residential group homes to operation by private provider agencies. This includes:

- A reduction of \$8,367,747 to Personal Services by transferring approximately 140 full-time and 110 part-time staff to fill direct care vacancies elsewhere in the system to help reduce overtime;
- A reduction of \$569,535 to Other Expenses due to privatization;
- A reduction of \$57,055 to Clinical Services due to privatization;
- An increase of \$5,919,219 to the Community Residential Services account to fund the contracted costs to private provider agencies for the converted CLAs.

The savings estimated is based on 20 CLAs being privatized for half of FY 17. It is anticipated that the homes will be converted effective January 1, 2017. It should be noted there is also a cost of \$1,150,000 to the Department of Social Services (DSS) to support additional room and board costs associated with all 30 conversions.

### Require Group Home Conversion Reporting

#### Committee

The report is to include for each group home location: address, number of consumers and Level of Need scores, date of conversion, cost of provider contract in FY 17, annualized FY 18 cost, number of state employees, employees by new transfer location, estimated savings in FY 17 and annualized FY 18 savings.

**Background**

The DDS Early Childhood Autism Waiver is designed to serve young children aged three and four who are diagnosed with Autism Spectrum Disorder (ASD) and who have significant impairments in adaptive behaviors as well as severe maladaptive behaviors. To be eligible for one of the thirty waiver slots, children must be between the ages of three and 4.6 years of age and be Medicaid eligible. Effective January 1, 2015, the Department of Social Services (DSS) expanded its coverage to include ASD evaluation and treatment services for Medicaid enrolled members under the age of 21 for whom ASD services are medically necessary.

**Governor**

Reduce funding by \$1 million to reflect the elimination of the Early Childhood Autism waiver as ASD treatment is now a Medicaid covered service.

### Background

The Community Residential Services account funds residential support of DDS consumers in a variety of setting through private providers. The Cooperative Placement Program account funds residential support of certain DDS consumers to meet DDS' limited role in criminal justice proceedings. The majority of individuals receiving residential support from private providers through these two accounts are enrolled in the Medicaid Waiver Program through which the state receives a 50% federal reimbursement which is deposited to the General Fund as revenue.

### Governor

Transfer funding totaling \$537,116,053 to DSS for the Community Residential Services and Cooperative Placements programs to reflect a change in Medicaid claiming responsibility. This begins the transition from provider grants under DDS to fee-for-service payments under DSS. The purpose of this change is to ensure federal reimbursement on all eligible services while also ensuring appropriate Medicaid billing, provider enrollment, and client eligibility. The amounts transferred in each account are at the original FY 17 appropriated level with no reduction.

### Background

The DDS Autism Division currently has a staff of 10 employees who provide statewide services to individuals with a diagnosis of autism spectrum disorder (ASD) who do not have a co-occurring diagnosis of intellectual disability. The Division's staff includes five case managers, who work directly with individuals and families on a daily basis. There are two resource specialists who provide outreach, education and resources to individuals who are on the Division's waiting list and their families. In addition, the resource specialists provide information to schools, state and municipal agencies, and community programs statewide. The Division also has one program manager, one case manager supervisor and one administrative assistant.

### Governor

- \$2,098,961 in the Autism Services account which provides program funding.

### Committee

#### Background

Currently, state agency appropriations are distributed between multiple line items. The Governor's Revised FY 17 budget consolidates funding by collapsing most or all appropriations into a new "Agency Operations" line item. Certain major line items such as Education Cost Sharing (ECS) grants, entitlements, pension and debt service payments, remain as separate line items within their respective agencies and are not consolidated.

#### Governor

Consolidate multiple agency appropriations into one account.

#### Committee

Maintain existing appropriated accounts.

### Background

The 13 Regional Action Councils (RACs) provide advocacy and prevention services including community mobilization, grant collaboration, substance abuse awareness, education and prevention initiatives, media advocacy, program development, legislative advocacy, support to leverage funds for local initiatives, and community needs assessments through surveys, data collection and training. RACs do not provide direct services. State funds support core administrative functions and the coordination of prevention initiatives. The non-appropriated Pre-Trial Account supports the RACs as well as alcohol and drug education programs, and the Governor's Partnership to Protect Connecticut's Workforce. The General Fund line item was created in the FY 14 - FY 15 budget to supplement the non-appropriated account.

Regional Mental Health Boards are located in the five mental health regions across the state. They are known as the Southwest (Norwalk), South Central (Middletown), Eastern (Norwich), North Central (Newington), and Northwest (Waterbury) Regional Mental Health Boards. The boards involve community members in determining and monitoring mental health services provided by DMHAS.

### Governor

Reduce funding by \$1,277,213 to reflect the elimination of General Fund support for the Regional Action Councils (RACs) and Regional Mental Health Boards. This reduction reflects the Governor's proposal to consolidate the advocacy functions of the RACs and Boards.

### Committee

### Limit Orthodontia Coverage

Medicaid	(3,200,000)	-	3,200,000
<b>Total - General Fund</b>	<b>(3,200,000)</b>	-	<b>3,200,000</b>

#### Background

Section 390 of PA 15-5 of the June Special Session (JSS), moved the minimum qualify score on the Salzmann index (a scoring tool used to determine the level of misalignment of an individual's teeth) from 24 to 26. The budget reflected a savings of \$2,052,000 in both FY 16 and FY 17 associated with this change.

#### Governor

Reduce funding by \$3.2 million to reflect limiting orthodontia coverage for children under 21 years of age. This reflects moving the minimum qualifying score on the Salzmann index from 26 to 29. With prior authorization, services would be approved for individuals with a score below 29 based on medical necessity.

#### Committee

Maintain funding to support the current level of orthodontia coverage.

<b>Total - General Fund</b>	<b>(1,075,369)</b>	-	<b>1,075,369</b>

**Background**

Currently, 10% of the state's Temporary Assistance for Needy Families (TANF) block grant is transferred to the Social Services Block Grant (SSBG). Allocations under SSBG/TANF include Human Resource Development (\$251,779), Human Resource Development - Hispanic Programs (\$260,610), Anti-Hunger Programs (\$107,304), Legal Services (\$719,625), and Thompson Ecumenical Empowerment Group, Inc. (\$94,506).

**Governor**

Reduce funding by \$1,075,369 to reflect the transfer of funding for Safety Net Services, Domestic Violence Shelters, Nutrition Assistance and Community Services to SSBG/TANF funding. To make resources available for this transfer, SSBG/TANF support for Human Resource Development, Human Resource Development - Hispanic, Anti-Hunger Programs, Legal Services, and the Thompson Ecumenical Empowerment Group, Inc. is eliminated.

**Committee**

Maintain current funding structure for various General Fund and SSBG allocations.

<b>Total - General Fund</b>	<b>(1,054,900)</b>	<b>(527,450)</b>	<b>527,450</b>

**Background**

The Department of Social Services provides up to \$1,400 for funeral and burial expenses of indigent persons who pass away without the ability to pay for the cost of a funeral and burial. Sections 384 and 385 of PA 15-5 JSS reduced the burial benefit under the state administered general assistance, state supplemental and temporary family assistance programs from \$1,800 to \$1,400.

**Governor**

Reduce funding by \$1,054,900 to reflect reducing the burial benefit from \$1,400 to \$1,000.

**Committee**

Reduce funding by \$527,450 to reflect reducing the burial benefit from \$1,400 to \$1,200.

**Reduce Funding to Reflect Updated Small Hospital Pool**

Medicaid	(1,000,000)	(1,000,000)	-
<b>Total - General Fund</b>	<b>(1,000,000)</b>	<b>(1,000,000)</b>	<b>-</b>

**Background**

The Original FY 16 - FY 17 biennial budget included funding of approximately \$14.8 million (\$4.9 million state, \$9.9 million federal) for small independent hospitals under the following criteria: (1) have 160 or fewer beds, (2) are not part of a hospital group, and (3) are not located in contiguous towns with another hospital. Six hospitals met the criteria: Bristol, Charlotte Hungerford, Day Kimball, Griffin, Johnson Memorial and Milford. Under the Medicaid state plan amendment submitted to the Centers for Medicaid and Medicare Services (CMS), hospitals become ineligible for funding from the small hospital pool following the completion of a merger or affiliation with another hospital group or an increase in the number of licensed beds to greater than 180. In the event a hospital becomes ineligible, the funding the hospital would have received is not redistributed to the remaining eligible hospitals.

PA 15-1 of the December Special Session reduced the small hospital pool by 5% to reflect updating the data for hospitals' Medicaid net inpatient revenue from FFY13 to FFY14, a \$740,000 reduction, bringing the FY 16 pool to \$14.1 million (\$4.7 million state, \$9.4 million federal).

**Governor**

Reduce funding by \$1 million to reflect a total reduction of \$3 million to the small hospital pool. The resulting small hospital pool is approximately \$11.8 million (\$3.9 million state, \$7.9 million federal). This reduction reflects: (1) rolling out the 5% reduction from PA 15-1 DSS and (2) eliminating the \$2.3 million that would have been Johnson Memorial's distribution of the revised small hospital pool due to the hospital being acquired by Trinity Health -New England.

#### Governor

Reduce funding by \$775,000 to reflect decreasing the supplemental payments by 50%. Total resulting funding for FY 17 FQHC supplemental payments is \$1,945,000 (\$775,000 state and \$1,170,000 federal).

<b>Total - General Fund</b>	<b>(725,407)</b>	<b>-</b>	<b>725,407</b>

#### Background

In addition to reimbursement for Medicaid eligible expenditures, CCMC receives a direct grant payment due to the high proportion of Medicaid recipients served by the hospital, special equipment needs, and its status as a teaching facility. The Original FY 16 - FY 17 biennial budget included a grant payment to CCMC for approximately \$14.6 million in FY 16 and \$14.8 million in FY 17. PA 15-1 December Special Session (AA Making Certain Structural Changes to the State Budget and Adjustments to the State Budget for the Biennium Ending June 30, 2017), reduced the FY 16 grant amount by \$292,110.

#### Governor

Reduce funding by \$725,407 for the CCMC grant. The Governor's Revised FY 17 budget rolls out the grant reduction made in PA 15-1 DSS; after accounting for this reduction, the total FY 17 grant is \$13,702,483. This reflects a 6.9% decrease from the Original FY 16 - FY 17 budgeted amount.

#### Committee

Maintain funding for the CCMC grant.

Prior to the FY 16-17 biennium, the state required clients to pay up to \$15 per month for their Part D-covered drugs, while the state paid any costs in excess of the \$15 cap.

**Background**

In July 2014, the federal Centers for Medicare and Medicaid Services (CMS) issued a bulletin indicating that state Medicaid programs must cover treatment for Autism Spectrum Disorder (ASD) for individuals under the age of 21. As a result, the department is covering autism services that are medically necessary based on individualized comprehensive diagnostic evaluation behavior assessments and individualized plans of care.

**Governor**

Funding of \$2.1 million is transferred out of DDS, with a corresponding \$800,000 reduction in federal grant revenue due to net budgeting. Funding in DDS is appropriated to reflect gross costs with federal matching funds accruing as General Fund Revenue, while in DSS, the Medicaid account reflects only the state share of expenditures.

**Committee**

#### Background

Currently, state agency appropriations are distributed between multiple line items. The Governor's Revised FY 17 budget consolidates funding by collapsing most or all appropriations into a new "Agency Operations" line item. Certain major line items such as Education Cost Sharing (ECS) grants, entitlements, pension and debt service payments, remain as separate line items within their respective agencies and are not consolidated.

Consolidate all agency appropriations into one account.

Currently, state agency appropriations are distributed between multiple line items. The Governor's Revised FY 17 budget consolidates funding by collapsing most or all appropriations into a new "Agency Operations" line item. Certain major line items such as Education Cost Sharing (ECS) grants, entitlements, pension and debt service payments, remain as separate line items within their respective agencies and are not consolidated. Consolidate all agency appropriations into one account.

#### Background

Currently, state agency appropriations are distributed between multiple line items. The Governor's Revised FY 17 Budget consolidates funding by collapsing most or all appropriations into a new "Agency Operations" line item. Certain major line items such as Education Cost Sharing (ECS) grants, entitlements, pension and debt service payments, remain as separate line items within their respective agencies and are not consolidated.

#### Governor

Consolidate multiple agency appropriations into one account.

#### Committee

Maintain existing appropriated accounts.

#### Background

DCF serves children and youth involved in the juvenile justice (JJ) system through juvenile parole, the Connecticut Juvenile Training School (both parole and CJTS are associated with the Personal Services, Other Expenses, and Workers' Compensation accounts), the JJ Outreach Services account, a portion of the Substance Abuse Treatment account, JJ residential treatment facilities and JJ group homes (within the Board and Care for Children - Short-term and Residential account), and a portion of Multidimensional Treatment Foster Care (Board and Care for Children - Foster account).

The Judicial Department's Court Support Services Division (CSSD) oversees pretrial services, family services, divorce and domestic violence, probation supervision of adults and juveniles, as well as juvenile residential centers including Juvenile Detention. CSSD also administers a network of statewide contracted community providers that deliver treatment and other support services.

#### Committee

Transfer funding of \$23,133,120, and 42 positions, from DCF to CSSD. This reflects the transfer of all DCF JJ functions, with the exception of CJTS, which remains under DCF.

#### Background

Preparing Adolescents for Self Sufficiency (PASS) group homes are designed to assist youth in the development of independent living skills such as budgeting, employment, transportation, food preparation, and education. All clinical and medical services are provided by community providers. In-home medical services are limited to medication administration and basic first aid as needed. Residents attend public or private educational programs that are arranged by the child's school district.

The Supportive Work, Education and Transition Program (SWETP) is a community-based stand alone, staffed apartment program that serves adolescents, age 16 and older, who are committed to DCF. The program utilizes coaching, teaching, and adult leadership to promote the acquisition of independent living skills, including all aspects of self-care, education, vocational planning, and community access with the goal that each youth will develop the skills necessary to function successfully as an independent adult.

Community Housing Assistance Programs (CHAP) provide either site-based, or scattered site apartments, for youth older than 18 years old who are in the care of DCF on their 18th birthday, and who are transitioning into independent living in the community. Youth in the CHAP program must have graduated from high school, or have a GED, and be attending a post-secondary education program. Case management services are provided to the youth on a regular basis, and other supports are provided as needed.

Account	Governor Revised FY 17	Committee FY 17	Difference from Governor
---------	------------------------	-----------------	--------------------------

CHAP case management services are offered by community based agencies in each region. A referral from DCF is required. Youth in foster care can contact their DCF caseworker.

Therapeutic Foster Care (TFC) is an intensive, structured, clinical level of care provided to children with serious emotional disturbance, within a safe and nurturing family environment. Children in TFC receive daily care, guidance, and modeling from specialized, highly trained, and skilled foster parents. TFC families receive support, and supervision from private foster care agencies with the purpose of stabilizing, and/or ameliorating a child's mental/behavioral health issues, facilitating children's timely and successful transition into permanent placements (e.g. reunification, adoption, or independent living), and achieving individualized goals, and outcomes based upon a comprehensive, multifocal care plan.

#### Governor

Reduce funding by a net \$1,284,247 to reflect: (1) the elimination of excess congregate care capacity, by removing financial support for one Short Term Assessment and Respite (STAR) home (approximately \$500,000 annually), and (2) transitioning approximately 17 youth currently residing in traditional PASS group homes to alternative placements (such as SWETP, CHAP, and TFC) to successfully prepare youth for independent living. Savings reflect partial year implementation (eight months) to allow time for well-planned transitions.

### Background

Currently, state agency appropriations are distributed between multiple line items. The Governor's Revised FY 17 budget consolidates funding by collapsing most or all appropriations into a new "Agency Operations" line item. Certain major line items such as Education Cost Sharing (ECS) grants, entitlements, pension and debt service payments, remain as separate line items within their respective agencies and are not consolidated.

### Governor

Consolidate multiple agency appropriations into one account.

### Committee

Maintain existing appropriated accounts.

The state pays the following amounts depending upon who is responsible for the education of the child: (1) State agency placed - no-nexus (on state-owned property) - the state pays 100% of the cost; (2) Locally placed students - the state pays costs in excess of 4.5x the prior year current net expenditures per pupil; and (3) State agency placed (where nexus is known) - the state pays costs in excess of 1x the prior year net current expenditures per pupil.

Three grants are paid for out of the PSD grant: Priority School Districts, Extended Day School Hours and School Accountability.

It also allows students who live in school districts in those regions to attend school in the urban centers. The program is designed to reduce racial and economic isolation while providing improved educational choices for students and their parents. <b>Total - General Fund</b>	<b>(1,186,650)</b>	<b>(630,432)</b>	<b>556,218</b>

**Background**

The purpose of the Adult Basic Education grant is to improve educational opportunities for adults by establishing programs that enable adults to acquire the basic educational skills necessary to function in a literate society and to complete secondary school. Mandated by Connecticut statute, each local/regional board of education must establish and maintain a program of adult classes that provide basic skills such as English as a second language (ESL), citizenship and high school completion instruction (GED). Adult Education funds provide a system of high quality education and support services allowing adults to meet their educational goals while enhancing their effectiveness as parents, workers and community members. In current statute "adult" means any person 16 years of age or over who is not enrolled in school. Reimbursement is on a sliding scale (zero to 65%) based on wealth. CGS 10-73c allows a 5% administrative set aside.

<b>Total - General Fund</b>	<b>(1,539,904)</b>	-	<b>1,539,904</b>

**Background**

Transportation of School Children assists districts in paying for safe and efficient transportation and also subsidizes the cost of school crossing guards to ensure the safety of children who walk to school. Grants are determined by local wealth, based on the ranking of each district's Adjusted Equalized Net Grant List Per Capita (AENGLC). Each of the wealthiest 17 towns is assigned a reimbursement percentage of zero; the remaining districts are each assigned a percentage between zero and 60. Secondary and K-12 regional districts receive five and ten percentage point bonuses, respectively. No local or regional board of education may receive an entitlement of less than \$1,000.

Non-Public Transportation provides grants for approximately 75,000 children attending nonpublic elementary and secondary schools in Connecticut who are entitled by law to the same transportation services provided to public school children in kindergarten through Grade 12 as long as the majority of each nonpublic school's enrollment resides in Connecticut. This grant program reimburses towns on a sliding scale from zero to 60 percent of the cost of providing such transportation. Town property wealth adjusted by income level is used to set each town's rate of reimbursement. Regional school districts receive percentage bonuses of up to 10 percent. Nonpublic school pupil transportation expenditures eligible for reimbursement are capped at twice the per pupil public school transportation expenditure from the prior year.

#### Background

The Commissioner's Network is a group of up to 25 Category 4 or 5 schools selected by the education commissioner, to receive from three to five years of intensive state assistance, supervision, and intervention to improve student achievement, through various projects.

Winchester Public Schools is an Alliance District that services elementary school students in Grades PK through 6, while students in Grades 7 through 12 attend the public academy, The Gilbert School. The three elementary schools: Batcheller Early Learning Center, Hinsdale Elementary School and Pearson School serve 554 students in Grades PK-6. The district's 2015-16 Alliance District budget is \$363,989 to support district initiatives in the areas of talent, academics, and climate/culture. Such initiatives include: funding instructional coaches at all three elementary schools, professional development in the Reader's/Writer's Workshop Model, using data to inform instruction, literacy interventions and interventionists, the NWEA MAP assessment, and creating district-wide safety and security plans to promote student safety.

**Background**

The Statewide Longitudinal Data System (SLDS) is charged with designing, developing, and implementing a statewide data system to efficiently and accurately manage, analyze and disseminate school, district, and state-level education data, in order to meet both state and federal requirements, evaluate the effectiveness of programs, and support the decision-making process. The SLDS will also be used to analyze individual student data to track academic progress and program participation in order to facilitate research needed to implement achievement gaps. State funding for the SLDS has predominantly supported the IT infrastructure needed to collect the data from districts. State funds have also been used with a federal SLDS grant to develop a new data warehouse that integrates the data meaningfully and longitudinally in order to comply with all the requirements in C.G.S. 10-10a. This warehouse, called EdSight, ensures automation, accuracy, consistency, and timeliness and serves as a single authoritative data source for the department.

**Governor**

Reallocate funding of \$500,000 from Common Core (\$200,000) and Talent Development (\$300,000) to the Statewide Longitudinal Data System. Funding will support continued maintenance and upgrades to the (1) data collection and security infrastructure (for example, updating the student demographic/enrollment database and the data security module to comply with statutory requirements and court mandates), and (2) EdSight data warehouse through an on going limited partnership with the SAS Institute.

**Background**

The School Readiness account supports the Priority School District program for 3 and 4 year old children. The program may include non-resident children if approved by the local School Readiness council, but residents have priority. The majority of slots are for families with incomes at or below 75% of SMI (at least 60%). Programs can be part-day, school-day, full-day, or extended-day. The FY 16 budget included a rate increase for the full-day full-year rate from \$8,670 to up \$8,927 (related to section 324 of PA 15-5 JSS).

The Early Childhood Program account is the competitive portion of the Early Childhood (School Readiness) Grant. Children, ages 3 and 4, receive either a part-day, school-day or full-day school readiness program in school districts that have a severe need

Currently, state agency appropriations are distributed between multiple line items. The Governor's Revised FY 17 budget consolidates funding by collapsing most or all appropriations into a new "Agency Operations" line item. Certain major line items such as Education Cost Sharing (ECS) grants, entitlements, pension and debt service payments, remain as separate line items within their respective agencies and are not consolidated.

#### Governor

Consolidate multiple agency appropriations into one account.

#### Committee

Maintain existing appropriated accounts.

**Background**

Based on current prison population predications by the Office of Policy and Management's Criminal Justice Policy and Planning division and new policy changes, the prison population is expected to decline by 1,150 to 1,400 in 2016. Recommended policy changes contained in SB 18, An Act Concerning A Second Chance Society, include speeding up parole hearings due to recent Parole Board appointments, changes to juvenile justice, and bail reform for low level offenders. There are currently 16 Correctional Institutes and Centers operated by the Department of Correction. The projected reduction in population would allow the agency to close a full facility in FY 17.

#### Background

Currently, state agency appropriations are distributed between multiple line items. The Governor's Revised FY 17 budget consolidates funding by collapsing most or all appropriations into a new "Agency Operations" line item. Certain major line items such as Education Cost Sharing (ECS) grants, entitlements, pension and debt service payments, remain as separate line items within their respective agencies and are not consolidated.

#### Governor

Consolidate all agency appropriations into one account.

#### Committee

Maintain existing appropriated accounts.

#### Background

Currently, state agency appropriations are distributed between multiple line items. The Governor's Revised FY 17 budget consolidates funding by collapsing most or all appropriations into a new "Agency Operations" line item. Certain major line items such as Education Cost Sharing (ECS) grants, entitlements, pension and debt service payments, remain as separate line items within their respective agencies and are not consolidated.

#### Governor

Consolidate all agency appropriations into one account.
