Total - General Fund	0	47,131,421	0	62,176,421	0	0	0	0

Background

DSS' Medicaid program provides remedial, preventive, and long-term medical care for income eligible aged, blind or disabled individuals, low income adults and families with children. Payment is made directly to health care providers, by the department, for services delivered to eligible individuals. The program complies with federal Medicaid law (Title XIX of the Social Security Act) and regulations. Prior to FY 13, Medicaid expenditures reflected both the state and federal share. Due to the net appropriation of the Medicaid account adopted in FY 14, Medicaid adjustments reflected below only represent the state's share.

Governor

Provide funding of \$47,131,421 in FY 16 and \$62,176,421 in FY 17 to reflect expenditure trends in the Medicaid program. This represents an increase of 2% in FY 16 and an additional 0.6% in FY 17.

The state will provide coverage of self-directed PCAs as a Medicaid state plan service for individuals at institutional level of care.

Restructure Hospital Related Revenue Diversion

Medicaid	0	(13,320,000)	0	(13,320,000)	0	0	0	0
Total - General Fund	0	(13,320,000)	0	(13,320,000)	0	0	0	0

Background

The FY 14-15 biennial budget assumed that approximately \$80 million in supplemental hospital payments would be made (related to the partial distribution of the hospital tax receipts). While the majority of these payments would be reimbursed by the federal government at the normal 50% Medicaid cost share, a portion could be attributable to the Affordable Care Act Expansion population, and therefore eligible for 100% federal reimbursement. The FY 14-15 biennial budget assumed that the additional federal revenue from the portion that receives the 100% federal match would be redistributed to the hospitals.

These additional funds have yet to be distributed to the hospitals. The Governor's proposed FY 15 deficit mitigation plan assumes that these payments will not be made and the enhanced revenue will be available to offset other Medicaid expenses.

Governor

Reduce Medicaid funding by \$13,320,000 in FY 16 and FY 17. The additional federal revenue from the enhanced match on the Medicaid supplemental hospital payments related to the expansion population will be retained by the state and used to offset other Medicaid expenses.

Committee

The committee is addressing the four major DSS hospital reductions collectively. The committee restored the majority of the Medicaid provider rate cut, which added back hospital funding of \$27.3 million in FY 16 and \$30.1 million in FY 17.

The TFA program limits assistance to 21 months for non-exempt cases, with possible six month extensions for good cause. Individuals in the TFA program are usually eligible for health care services provided under the state's Medicaid program. The average monthly caseload under this (and its predecessor) program has declined from over 60,000 families in FY 95 to approximately 15,948 families at the end of the calendar year 2014.

Background

The Connecticut Home Care Program for the Elders (CHCPE) assists the frail elderly in avoiding unnecessary or premature nursing home care by making available a variety of community-based services. The services covered include home-health aides, visiting nurses, homemaker aides, adult day care, personal assistance, and meals on wheels. The home care program is funded from two separate accounts: the Medicaid account, which is matched by federal funds; and the Connecticut Home Care account, which is funded

Background

Supplemental Assistance consists of Old Age Assistance, Aid to the Blind and Aid to the Disabled. These programs provide monthly financial assistance to low-income individuals. The supplemental assistance programs are entirely state funded, but operate under both state and federal guidelines. In order to receive benefits, an individual must have another source of income to supplement, such as the federal Social Security, Supplemental Security Income, or Veteran's Benefits. All recipients are automatically eligible for health care benefits under the state Medicaid program.

Background

The State Innovation Model (SIM) was initiated by the federal Affordable Care Act, through the Center for Medicare and Medicaid Innovation (CMMI). The state received a planning grant in March of 2013 to develop a SIM. The SIM's purpose is to align all healthcare payers in the state (e.g. Medicaid, the state employee and retiree health plan, Medicare, commercial and self-funded plans) around a value-based payment methodology, which focuses reimbursement on quality metrics, as opposed to simply volume and cost reduction measures, through various means.

The department will have discretion as to the distribution of this reduction. This proposal does not impact federally qualified health centers which are reimbursed under a federally prescribed payment system. Total - General Fund	0	50,800,000	0	51,200,000	0	(4,470,000)	0	(4,450,000)

Background

Currently, hospitals pay taxes of 5.5% on inpatient revenue and 3.83% on outpatient revenue. A portion of these proceeds are returned to the hospitals as supplemental Medicaid payments.

Governor

Provide funding of \$55,270,000 in FY 16 and \$55,650,000 in FY 17 to reflect revisions to the hospital provider tax. This proposal: (1) updates the base year for the tax from 2009 to 2013 total net patient revenues; and (2) equalizes the tax rate on inpatient and outpatient services. The total user fee will increase an additional \$165,250,000, from \$349.1 million to \$514.4 million.

The \$165,250,000 in tax receipts are fully returned to hospitals via Medicaid supplemental payments, but due to the net budgeting of the Medicaid account, only the state's share of \$55,270,000 is reflected in the budget. The state budget therefore has a net gain of \$110,030,000 from this proposal.

Committee

Provide funding of \$50.8 million in FY 16 and \$51.2 million in FY 17 to reflect revisions to the hospital provider tax. This amount reflects an updated estimate of the amount that will be generated by the provider tax changes. The net impact to the state and to the hospitals as a whole does not change with this update.

The committee is addressing the four major DSS hospital reductions collectively. The committee restored the majority of the Medicaid provider rate cut, which added back hospital funding of \$27.3 million in FY 16 and \$30.1 million in FY 17.

Total - General Fund	0	(800,000)	0	(900,000)	0	5,400,000	0	5,900,000

Background

Currently, the Department of Social Services provides two reimbursements to pharmacies for prescription drugs. First, pharmacies receive a payment equal to the Average Wholesale Price (AWP) less a discount factor dependent on whether the drug is a brand name drug or a generic. AWP is the standardized pharmacy pricing report. The current discount rate for brand name drugs is AWP minus 16%. Second, pharmacies receive a dispensing fee per prescription. The current dispensing fee is \$1.70 per prescription.

Governor

Reduce funding by \$6.2 million in FY 16 and \$6.8 million in FY 17 to reflect increasing the discount rate for brand name drugs from AWP minus 16% to AWP minus 18% and reducing the dispensing fee from \$1.70 to \$1.40 per prescription.

Committee

Reduce funding by \$800,000 in FY 16 and \$900,000 in FY 17 to reflect reducing the dispensing fee from \$1.70 to \$1.40 per prescription.

program fee schedules. The statute, however, exempts ambulance providers whose rates are established by the Department of Public Health.

Governor

Reduce Medicaid funding by \$4.3 million in FY 16 and \$5.1 million in FY 17 to reflect lower payments for ambulance services. This proposal caps payments to ambulance providers to ensure that the combined Medicare and Medicaid payment to the provider does not exceed the allowable Medicaid rate. By doing so, these providers will be subject to the same standard that applies to all other Medicaid services.

Committee

Reduce funding by \$2,150,000 in FY 16 and \$2,550,000 in FY 17 to reflect a reduction in ambulance crossover payments. This savings will be achieved by capping the Medicaid crossover payment to a certain percentage over the standard Medicaid ambulance rate.

Total - General Fund	0	(850,000)	0	(850,000)	0	0	0	0

Background

The Department of Social Services contracts with Administrative Services Organizations (ASO) to manage the state's Medicaid program; the state is self-insured for all Medicaid claim expenditures. The state pays the ASOs an administrative fee per client. The current contract with the ASOs includes a provision which allows the department to withhold a percentage of each administrative payment contingent upon the ASOs meeting established performance measures. Currently, the ASOs for medical, behavioral health, dental and non-emergency medical transportation services are eligible to receive performance payments of approximately 7.5% of the contract amount.

In addition, the DSS has a performance payment pool under the Connecticut Home Care Program for Elders (CHCPE), created in FY 15, with payments made to contractors who have demonstrated quality outcomes for participants. The FY 15 pool is \$300,000.

Governor

Reduce funding by \$850,000 in FY 16 and FY 17 to reflect reducing the ASOs performance payments to 6% of the contract amount (a 1.5% reduction), and maintaining the CHCPE performance pool at \$300,000 (a \$200,000 reduction). The CHCPE pool was scheduled to increase to \$500,000.

Social Security and other income received by residents of long term care facilities are applied towards the cost of care except for a monthly personal needs allowance (PNA). The PNA is used for such things as clothing, personal phone, entertainment outside of the facility, etc. Prior to FY 11, the PNA was increased annually each July 1 by an amount equal to the inflation adjustment in Social Security Income. PA 11-44 eliminated the annual increases. The current PNA is \$60 per month.

Background

The state-funded Connecticut Home Care Program for Elders (CHCPE) provides home and community-based services to elderly who are at risk of nursing home placement and meet the program's financial eligibility criteria. Category 1 is targeted to individuals who are at risk of hospitalization or short-term nursing facility placement if preventive home care services are not provided. Category 2 is targeted to individuals who are frail enough to require nursing facility care, but have resources that would prevent them from qualifying for Medicaid upon admission to a nursing facility.

Governor

Reduce funding for the CHCPE by \$1.8 million in FY 16 and \$5.6 million in FY 17 to reflect freezing intake to Category 1 under the state-funded program. This change applies only to new clients and does not impact existing clients.

Committee

Reduce funding for the CHCPE by \$1.8 million in FY 16 and \$5.6 million in FY 17 to reflect placing a moratorium on intake to Category 1 under the state-funded program. This moratorium will be lifted in FY 18.

Allocations under SSBG/TANF include Human Resource Development (\$251,779), Human Resource Development - Hispanic Programs (\$260,610), and Anti-Hunger Programs (\$107,304).

Governor

Reduce General Fund appropriations by \$464,770 in FY 16 and \$619,693 in FY 17 to reflect the transfer of a portion of funding for Domestic Violence Shelters and Nutrition Assistance to SSBG/TANF funding. To make resources available for this transfer, SSBG/TANF support for Human Resource Development, Human Resource Development - Hispanic and Anti-Hunger programs is eliminated.
