Thank you for the critical work you are doing on reapportionment.

Please make sure your maps stop gerrymandering. Gerrymanderers are deflecting from the importance of this fundamental goal. Redistricting criteria are very important. Gerrymanderers focus on some of these criteria and build maps that stress particular criteria AND the map is STILL GERRYMANDERED. Beware of this ploy. Do not allow gerrymanderers to implement other redistricting criteria in a way that hinders the eradication of gerrymandering. Please, keep your eye on the fundamental goal of stopping gerrymandering.

Advocates of particular redistricting criteria should be aware that maps can be drawn that stop gerrymandering and achieve other redistricting criteria. But, in addition to advocating for particular criteria, make sure that gerrymandering is defeated and representative democracy prevails.

The Guide to Fair Redistricting provides, for a wide range of states, examples of maps that advance specific redistricting criteria and prevent gerrymandering. <https://preprints.apsanet.org/engage/api-gateway/apsa/assets/orp/resource/item/60e46f7ea4e06bf9217014db/original/fair-and-square-redistricting.pdf> (more than 1500 views and 750 downloads)

Best Wishes in the Pursuit of Fair Maps,

Jim Fox
